HOW are you going to make ends meet with the money you're currently earning? I get it. You want to do everything and find it FRUSTRATING that you don't earn what you are worth and how that then translates into you NOT being able to get everything you want. So what can you do? What options are there? Do you: 1. Apply for a personal loan, only to get rejected? 2. Ask for a raise at work, only to be laughed at? 3. Apply to increase your credit card limit, only to overspend it? In this hands-on and step-by-step guide, Lise Cartwright explains how YOU can earn what you're worth and do and have the things you want... WITHOUT having to leave your day job, apply for more credit increases or have embarrassing conversations with your boss. By using examples from her own personal experiences and

The Small Business Administration claims "50% of small businesses fail within the first year, and 95% fail within the first 5 years". Why would your web design business be any different? If you try to operate like everyone else, it won't be. However, if you're serious about creating a low overhead, high-profit system that works no matter your current finances, a web design business is the perfect place to start. The key to success in business is staying lean. Our specific, practical approach to starting (and maintaining) a web design business is founded on

web-design business. Why? We didn't know how to easily generate leads, and we didn't know how to close them. It was that simple. 4 years and \$10,000+ spent on educational material, we've finally had the breakthroughs necessary to turning our businesses into well-oiled systems. If you absorb even a fraction of the material inside this book, it will pay dividends (and web design fees!). If you don't find value in what is being taught, return it and move on. With a number of amazing tools at your fingertips, starting a website business has never been easier. According to Clutch research firm "46 percent of U.S. small businesses still don't have a website for their company". The time is now to take action. The market is still wide open, do you want a piece of it?

A stable income from freelancing in college was the bedrock that had allowed the authors to explore their ambitions further and get to where they are today. In the process, they've worked with many of their own batch mates, colleagues and friends to help them set up highly successful freelance careers. The author duo decided to detail their story of what worked for them and how anyone in the country could thrive without being tied down to a full-time job. The authors feel the timing of the book is perfect because of the growing freelance economy and growing aspirations among millennials to find a job they love and not just something
