Medea Matters: 15 Things To Remember About Diary of a Mad

First performed in 431 BC and not well received by its original audience, Euripides' Medea is nowadays considered one of the best, most controversial and most haunting Ancient Greek tragedies. It is set in Corinth, where, long before the beginning of the play, Jason and Medea have arrived as exiles. Even though Medea (a former princess of Colchis) has sacrificed both her home and her family ...

From The Mind Of Madea The Biography Of Tyler Perry

During the events of Diary of a Mad Black Woman, Brian is separated from his wife, Debra, because she is on drugs and it is affecting the entire family. Towards the end of the movie, Debrah goes to rehab and becomes healthy. During the event's of Madea's family Reunion, she is fifteen months clean and is mentioned to be at the family reunion.

In this intimate book of inspiration, Tyler Perry writes of how his faith has sustained him in hard times, centered him in good times, and enriched his life. Higher Is Waiting is a spiritual guidebook, a collection of teachings culled from the experiences of a lifetime, meant to inspire readers to climb higher in their own lives and pull themselves up to a better, more fulfilling place. Beginning with his earliest memories of growing up a shy boy in New Orleans, Perry recalls the moments of grace and beauty in a childhood marked by brutality, deprivation, and fear. With tenderness he sketches portraits of the people who sustained him and taught him indelible lessons about integrity, trust in God, and the power of forgiveness: his aunt Mae, who cared for her grandfather, who was born a slave, and sewed quilts that told a story of generations; Mr. Butler, a blind man of remarkable dignity and elegance, who sold penny candles on a street corner; and his beloved mother, Maxine, who endured abuse, financial hardship, and the daily injustices of growing up in the Jim Crow South yet whose fierce love for her son burned bright and never dimmed. Perry writes of how he nurtured his dreams and discovered solace in nature, and of his resolute determination to reach ever higher. Perry vividly and movingly describes his growing awareness of God's presence in his life, how he learned to tune in to His voice, to persevere through hard times, and to choose faith over fear. Here he is: the devoted son, the loving father, the steadfast friend, the naturalist, the philanthropist, the creative spirit—a man whose life lessons and insights into scripture are a gift offered with generosity, humility, and love.

If you can count on one thing from "Medea" Mabel Simmons, star of the smash hits Diary of a Mad Black Woman, Madea's Family Reunion, and Madea's Witness Protection, it's that she's got something to say. Now the beloved, sharp-tongued, pistol-packing grandmother has her own lifestyle book—part memoir, many parts hard-won, hilarious, straight-up in-your-face words of wisdom. Don't Make a Black Woman Take Off Her Earrings is a #1 New York Times bestseller and a won a Quill Award for Book of the Year, Best Humor Book in 2006.

A career-spanning volume, Tyler Perry: Interviews collects sixteen interviews, ranging from the early 2000s to 2018. Once a destitute and struggling playwright, Tyler Perry (b. 1969) is now a multimedia phenomenon and one of the most lucrative auteurs in Hollywood. Known for his unwavering and audacious rhetorical style, Perry has produced an impressive body of work by rejecting Hollywood's procedures and following his personal template. Featuring mostly African American actors and centering primarily on women, Perry's films lace drama and comedy with Christianity. Despite the skepticism of Hollywood executives who claimed that church-going black people do not go to the movies, Perry achieved critical success with the release of his first film, Diary of a Mad Black Woman, which became the US's highest-grossing movie of 2005. With his movies, Perry has discovered an untapped audience for the stories he has to offer—stories about adversity, faith, family, and redemption. Critics, including African American filmmaker Spike Lee, have censured Perry's work for being repetitive and reinforcing negative stereotypes that have long plagued the African American community. Supporters, however, praise Perry for creating films that allow his audience to see themselves onscreen. Regardless of how his films are received, Perry's accomplishments—establishing the Tyler Perry brand, building one of the largest movie studios in the country, employing more African Americans in front of and behind the camera than any other studio, and creating cinematic content for audiences other filmmakers have ignored—undeniably establish him as one of the most powerful multimedia moguls in the country.

Medea is among the most notorious women in the canon of Greek tragedy: a woman scorned who sacrifices her own children to her jealous rage. In her gripping new novel, Christa Wolf explodes this myth, revealing a fiercely independent woman ensnared in a brutal political battle. Medea, driven by her conscience to leave her corrupt homeland, arrives in Corinth with her husband, the hero Jason. He is welcomed, but she is branded the outsider—and then she discovers the appalling secret behind the king's claim to power. Unwilling to ignore the horrifying truth about the state, she becomes a threat to the king and his ruthless advisors; abandoned by Jason and made a public scapegoat, she is reviled as a witch and a murderess. Long a sharp-eyed political observer, Christa Wolf transforms this ancient tale into a startlingly relevant commentary on our times. Possessed of the enduring truths so treasured in the classics, and yet with a thoroughly contemporary spin, her Medea is a stunningly perceptive and probingly honest work of fiction.

The saga of the Elizabeth nicknamed the Black Mayflower that sailed out of the New York Bay in 1820 bound for West Africa continues. The victory of Negro colonies of Freetown and Liberia barked by the United States and Great Britain policing the waters of the Atlantic marked a new offensive in the beginning of the end of the Atlantic slave trade. This in turn sparked overzealousness of desperate slave lords led by Arab traders and kidnapers on the East Coast of Africa that accelerated the rise of the Indian Ocean slave trade. The echoing footsteps of these unrelenting Negroes to end slavery in Africa would be heard by most participants and observers in the form of success stories of Negro adventurers on African shores. The successful activities of the African American colony Liberia in a faraway land considered then as the Dark Continent quickly became the biggest campaign tool for politicians in the United States. The elation led to the banging of tables in the United States Congress by philanthropists, religious leaders as well as politicians, all scrambling to take credit for what was claimed to be a humane way to rid their streets and neighborhoods of the dangers of angry unwanted Negroes or hungry and vicious unowned slaves. Echoes of Footsteps is the second in the three-part novel series on the Birth of a Negro Nation, a saga in the legacy of the Atlantic trade. Deeds Not Words Would conclude the trilogy.

A psychopathic wizard. An immortal mage. An epic battle of wills. Nikolai doesn't want much out of life: sex, immortality, and the power to disembowel anyone who crosses him. But with dark magic forbidden, his only option is Medea—a mage so deadly even the Enforcers give her a wide berth. Despite dire warnings that her apprentices don't survive, Nikolai won't stop until she agrees to train him. After all, he's a killer himself. Barbaric and brutal, the training is a far cry from what Nikolai expects. When a mysterious illness strikes Nikolai down, he suspects he's found the secret to Medea's longevity. He resolves to find out what happened to her previous apprentices. If he can locate the source of her power, he can turn it against her. Medea swore off training dark wizards—none of them take the craft seriously and the ungrateful bastards always try to kill her. This one definitely seems the backstabbing type, but magic is dying out and she hasn't felt such magical strength in centuries. If she can control the boy, show him that magic is more than curses and necromancy, he might obtain the power he desires. If not, well... What's one more dead apprentice? If you enjoy dark fantasy with quirky, morally grey characters and humorous banter (but no romance), this is the book for you!

Medea Georgievna Sinoply Mendez is an iconic figure in her Crimean village, the last remaining pure-blooded Greek in a family that has lived on that coast for centuries. Childless Medea is the touchstone of a large family, which gathers each spring and summer at her home. There are her nieces (sexy Nike and shy Masha), her nephew Georgii (who shares Medea's devotion to the Crimea), and their friends. In this single summer, the languor of love will permeate the Crimean air, hearts will be broken, and old memories will float to consciousness, allowing us to experience not only the shifting currents of erotic attraction and competition, but also the dramatic saga of this family amid the forces of dislocation, war, and upheaval of twentieth-century Russian life.

A deep and riveting psychological thriller inspired by true events of the Victorian era, The Medea Complex explores the nature of the human psyche: what possesses us, what drives us, and how love, passion, and hope for the future can drive us to insanity. 1885. Anne Stanbury wakes up in a strange bed, having been kidnapped from her home. As the panic settles in, she realizes she has been committed to a lunatic asylum, deemed insane and therefore unfit to stand trial for an unspeakable crime. But all is not as it seems... Edgar Stanbury, her husband as well as a grieving father, is torn between helping his confined wife recover her sanity and seeking revenge for his ruined life. But Anne's future rests wholly in the hands of Dr. George Savage, chief medical officer of Bethlem Royal Hospital. The Medea Complex is the darkly compelling story of a lunatic, a lie, and a shocking revelation that elucidates the difference between madness and evil....

Just when Alex Cross's life is calming down, he is drawn back into the game to confront a criminal mastermind like no other. The elaborate murders that have stunned Washington, DC, are the wildest that Alex Cross and his new girlfriend, Detective Brianna Stone, have ever seen. This maniac addresses an audience, and stages his killings as spectacles in public settings. Alex is pursuing a genius of terror who has the whole city on edge as it waits for his next move. And the killer loves the attention, no doubt—he even sets up his own Web site and live video feed to trumpet his madness. And in Colorado, another criminal mastermind is planning a triumphant return. From his supermaximum-security prison cell, Kyle Craig has plotted for years to have one chance at an impossible escape. If he has to join forces with DC's Audience Killer to get back at the man who put him in that cell—Alex Cross—all the better. From the author Time magazine has called "the man who can't miss," Double Cross has the pulse-racing momentum and electrifying thrills that have made James Patterson a #1 bestselling storyteller all over the world.

My last book ?Thoughts?, based on the sculpture created by Augusta Rodan, who like the great distinguished African American sculptor Ezekiel, both used clay rather than stone. He admired the great legendary Michael Angelo and did his artistic creations in the Cistine Chapel. I decided to have my version of the ?Thinker? to have dark pigmentation with wooly hair and broad features. The muscular and powerful appearing Black figure also can think. Black men can also think and have thoughts and had to think to survive the past. Black men are now recognized to have brain power and have the ability to think in the 21st Century as exemplified by the muscular chest of President Obama.
