Gangster We Are All Looking For (Le) - LitLovers

One of the prevailing themes of The Gangster We Are All Looking For is the elusiveness of our parents' losses and sorrows, how they are somehow ingrained in us and haunt us. If you like books with a "plot," this book is not for you. To everyone else, and ESPECIALLY to Vietnamese Americans, I highly recommend this lyrical, heartbreaking book.

This acclaimed novel reveals the life of a Vietnamese family in America through the knowing eyes of a child finding her place and voice in a new country. In 1978 six refugees—a girl, her father, and four “uncles”—are pulled from the sea to begin a new life in San Diego. In the child’s imagination, the world is transmuted into an unearthly realm: she sees everything intensely, hears the distress calls of inanimate objects, and waits for her mother to join her. But life loses none of its strangeness when the family is reunited. As the girl grows, her matter-of-fact innocence eddies increasingly around opaque and ghostly traumas: the cataclysm that engulfed her homeland, the memory of a brother who drowned and, most inescapable, her father’s hopeless rage.

Things have never been easy for Oscar. A ghetto nerd living with his Dominican family in New Jersey, he's sweet but disastrously overweight. He dreams of becoming the next J.R.R. Tolkien and he keeps falling hopelessly in love. Poor Oscar may never get what he wants, thanks to the Fukú - the curse that has haunted his family for generations. With dazzling energy and insight Díaz immerses us in the tumultuous lives of Oscar; his runaway sister Lola; their beautiful mother Belicia; and in the family's uproarious journey from the Dominican Republic to the US and back. Rendered with uncommon warmth and humour, *The Brief Wondrous Life of Oscar Wao* is a literary triumph, that confirms Junot Díaz as one of the most exciting writers of our time.

The debut novel from critically-acclaimed and New York Times—bestselling author of *On Such a Full Sea* and *My Year Abroad*. In *Native Speaker*, author Chang-rae Lee introduces readers to Henry Park. Park has spent his entire life trying to become a true American—a native speaker. But even as the essence

of his adopted country continues to elude him, his Korean heritage seems to drift further and further away. Park's harsh Korean upbringing has taught him to hide his emotions, to remember everything he learns, and most of all to feel an overwhelming sense of alienation. In other words, it has shaped him as a natural spy. But the very attributes that help him to excel in his profession put a strain on his marriage to his American wife and stand in the way of his coming to terms with his young son's death. When he is assigned to spy on a rising Korean-American politician, his very identity is tested, and he must figure out who he is amid not only the conflicts within himself but also within the ethnic and political tensions of the New York City streets. *Native Speaker* is a story of cultural alienation. It is about fathers and sons, about the desire to connect with the world rather than stand apart from it, about loyalty and betrayal, about the alien in all of us and who we finally are.

In the first book-length study of Vietnamese American literature, Isabelle Thuy Pelaud probes the complexities of Vietnamese American identity and politics. She provides an analytical introduction to the literature, showing how generational differences play out in genre and text. In addition, she asks, can the term Vietnamese American be disassociated from representations of the war without erasing its legacy? Pelaud delineates the historical, social, and cultural terrains of the writing as well as the critical receptions and responses to them. She moves beyond the common focus on the Vietnam war to develop an interpretive framework that integrates post-colonialism with the multi-generational refugee, immigrant, and transnational experiences at the center of Vietnamese American narratives. Her readings of key works, such as Andrew Pham's *Catfish and Mandala* and Lan Cao's *Monkey Bridge* show how trauma, racism, class and gender play a role in shaping the identities of Vietnamese American characters and

narrators.

In 1978, six Vietnamese refugees were pulled from the sea just off California. In San Diego, a little girl's matter-of-fact innocence masks the ghostly traumas that still haunt her: the cataclysm that engulfed her homeland; the memory of a brother who drowned; the heartbreaking spectacle of her parents trying to make a new home, their struggle backlit by the memory of a forbidden love when they were young. *thuy le* has revealed a world of great beauty and enormous sorrows. *The Gangster We Are All Looking For* is an authentically original novel about remembering and forgetting, about home and family, and about trying to find a place - and voice - in a new world.

Reverberations of the Vietnam War can still be felt in American culture. The post-9/11 United States forays into the Middle East, the invasion and occupation of Iraq especially, have evoked comparisons to the nearly two decades of American presence in Viet Nam (1954-1973). That evocation has renewed interest in the Vietnam War, resulting in the re-printing of older War narratives and the publication of new ones. This volume tracks those echoes as they appear in American, Vietnamese American, and Vietnamese war literature, much of which has joined the American literary canon. Using a wide range of theoretical approaches, these essays analyze works by Michael Herr, Bao Ninh, Duong Thu Huong, Bobbie Ann Mason, *le thi diem thuy*, Tim O'Brien, Larry Heinemann, and newcomers Denis Johnson, Karl Marlantes, and Tatjana Solis. Including an historical timeline of the conflict and annotated guides to further reading, this is an essential guide for students and readers of contemporary American fiction

knee, and a haunted mind. A survivor of a suicide cult, he scrapes by as a porter at a bus depot in Utica, New York, until one day a mysterious letter arrives, summoning him to enlist in a band of paranormal investigators comprised of former addicts and petty criminals, all of whom had at some point in their wasted lives heard what may have been the voice of God. Infused with the wonder of a disquieting dream and laced with Victor LaValle's fiendish comic sensibility, *Big Machine* is a mind-rattling mystery about doubt, faith, and the monsters we carry within us.

To open this book is to enter the perilous, thrilling world of Billy Bathgate, the brazen boy who is accepted into the inner circle of the notorious Dutch Schultz gang. Like an urban Tom Sawyer, Billy takes us along on his fateful adventures as he becomes good-luck charm, apprentice, and finally protégé to one of the great murdering gangsters of the Depression-era underworld in New York City. The luminous transformation of fact into fiction that is E. L. Doctorow's trademark comes to triumphant fruition in *Billy Bathgate*, a peerless coming-of-age tale and one of Doctorow's boldest and most beloved bestsellers.
