Provides an approach for analyzing, discussing, and writing about cases. This book shows how to classify cases according to analytical task they require (solving a problem, making a decision, or forming an evaluation) and establish a base of knowledge about a case. It shows how to talk about cases in class.

This book is a guide to trademarks for the layman. The choosing of the right mark, how to use the trademark and register it, administering trademarks within a company, policing a trademark, licensing and franchising, and other trademark issues are covered in the book.

The Jan. 1956 issue includes Fluid power engineering index, 1931-55.
