Every major measure of students' historical understanding since 1917 has demonstrated that students do not retain, understand, or enjoy their school experiences with history. Bruce Lesh believes that this is due to the way we teach history -- lecture and memorization. Over the last fifteen years, Bruce has refined a method of teaching history that mirrors the process used by historians, where students are taught to ask questions of evidence and develop historical explanations. --from publisher description.

Your school is a lot more than a center of student learning--it also represents a self-contained culture, with traditions and expectations that reflect its unique mission and demographics. In this groundbreaking book, education experts Steve Gruenert and Todd Whitaker offer tools, strategies, and advice for defining, assessing, and ultimately transforming your school's culture into one that is positive, forward-looking, and actively working to enrich students' lives. Drawing from decades of research on organizational cultures and school leadership, the authors provide everything you need to optimize both the culture and climate of your school, including \* "Culture-busting" strategies to help teachers adopt positive attitudes, outlooks, and behaviors; \* A framework for pinpointing the type of culture you have, the type that you want, and the actions you need to take to bridge the two; \* Tips for hiring, training, and retaining teachers who will actively work to improve your school's culture; and \* Instructions on how to create and implement a successful School Culture Rewiring Team. Though often invisible to the naked eye, a school's culture influences everything that takes place under its roof. Whether
