GUIDE If you're serious about striking out on your own as a computer consultant, you don't need a pep talk. You need reliable, authoritative information that will prepare you for the realities of independent consulting. You need to meet experienced consultants who have

Read Online Getting Started

learned from their own successes and failures and who can teach you what it takes to develop a consultant mentality, attract and hold clients, set realistic prices, collect your money, run a business on your own, avoid tax problems, and much more. In this Second

Read Online Getting Started

Edition of The
Computer
Consultant's Guide,
Janet Ruhl introduces
you to more than 150
practicing computer
consultants. In their
own words, these
professionals tell you
how they feel about
their work, what
problems they
commonly encounter,
which real-world

Read Online Getting Started

solutions worked for them, and which didn't. You'll even get to listen in on disagreements over touchy subjects such as when to discount rates and whether to insist on a written contract. You'll hear both sides of every question and decide for yourself which approach is right for

Read Online Getting Started

you. The Computer Consultant's Guide doesn't stop there. In excerpts from in-depth interviews with leading consultants, Ruhl addresses a host of important issues that will affect your day-to-day life as a consultant and could make or break your future: insurance requirements,

Read Online Getting Started

effective image building, marketing techniques that work, and managing the client relationship.

New information in this Second Edition includes tax requirements and standard business practices for Canadian, U.K., and European consultants; and new

Read Online Getting Started

tips and tricks from working consultants as well as ideas on how to use the Internet and World Wide Web to support and enhance your business. This practical, down-to-earth handbook also includes updated resource lists, extensive up-to-date information based on

Read Online Getting Started

Janet Ruhl's popular Web-based Real Rate Survey, IRS rules for establishing independent contractor status, and the ICCA's model consulting contract. If you're serious about becoming a computer consultant, or even if you're just thinking about it, this book gives you a clear

Read Online Getting Started

picture of what you're up against, prepares you to meet the challenges of launching your business, and helps you avoid the common errors that most fledgling consultants make. No, you don't need a pep talk. You need The Computer Consultant's Guide,
