probably because its practice is associated with power struggles or a sharp confrontation of arguments. Negotiation is perceived as an intimidating and deterrent practice related to conflict. Wouldn't you be more confident if the art of negotiation was above all the art of interfering in the best possible cooperation? Roger Fisher and William Ury, law researchers at Harvard University, suggest that you try interest-based negotiation, a style of dialogue centered on each participant's interest, creativity and good faith. For them, negotiation should be first and foremost a collaborative science, designed to lead not to one, but to several solutions to a disagreement. Ready to finally negotiate properly? \*Buy now the summary of this book for the modest price of a cup of coffee!

The 10th-anniversary edition of the New York Times business bestseller-now updated with "Answers to Ten Questions People Ask" We attempt or avoid difficult conversations every day-whether dealing with an underperforming employee, disagreeing with a spouse, or negotiating with a client. From the Harvard Negotiation Project, the organization that brought you *Getting to Yes, Difficult Conversations* provides a step-by-step approach to having those tough conversations with less stress and more success. you'll learn how to:

- Decipher the underlying structure of every difficult conversation
- Start a conversation without defensiveness
- Listen for the meaning of what is not said
- Stay balanced in the face of attacks and accusations
- Move from emotion to productive problem solving

William Ury, coauthor of the international bestseller *Getting to Yes*, returns with another groundbreaking book, this time asking: how can we expect to get to yes with others if we haven't first gotten to yes with ourselves? Renowned negotiation expert William Ury has taught tens of thousands of people from all walks of life-managers, lawyers, factory workers, coal miners, schoolteachers, diplomats, and government officials-how to become better negotiators. Over the years, Ury has discovered that the greatest obstacle to successful agreements and satisfying relationships is not the other side, as difficult as they can be. The biggest obstacle is actually our own selves-our natural tendency to react in ways that do not serve our true interests. But this obstacle can also become our biggest opportunity, Ury argues. If we learn to understand and influence ourselves first, we lay the groundwork for understanding and influencing others. In this prequel to *Getting to Yes*, Ury offers a seven-step method to help you reach agreement with yourself first, dramatically improving your ability to negotiate with others. Practical and effective, *Getting to Yes with Yourself* helps readers reach good agreements with others, develop healthy relationships, make their businesses more productive, and live far more satisfying lives.

No is perhaps the most important and certainly the most powerful word in the language. Every day we find

## Download File PDF Getting To Yes Negotiation Agreement Without Giving In

ourselves in situations where we need to say No-to people at work, at home, and in our communities-because No is the word we must use to protect ourselves and to stand up for everything and everyone that matters to us. But as we all know, the wrong No can also destroy what we most value by alienating and angering people. That's why saying No the right way is crucial. The secret to saying No without destroying relationships lies in the art of the Positive No, a proven technique that anyone can learn. This indispensable book gives you a simple three-step method for saying a Positive No. It will show you how to assert and defend your key interests; how to make your No firm and strong; how to resist the other side's aggression and manipulation; and how to do all this while still getting to Yes. In the end, the Positive No will help you get not just to any Yes but to the right Yes, the one that truly serves your interests. Based on William Ury's celebrated Harvard University course for managers and professionals, The Power of a Positive No offers concrete advice and practical examples for saying No in virtually any situation. Whether you need to say No to your customer or your coworker, your employee or your CEO, your child or your spouse, you will find in this book the secret to saying No clearly, respectfully, and effectively. In today's world of high stress and limitless choices, the pressure to give in and say Yes grows greater every day, producing overload and overwork, expanding e-mail and eroding ethics. Never has No been more needed. A Positive No has the power to profoundly transform our lives by enabling us to say Yes to what counts-our own needs, values, and priorities. Understood this way, No is the new Yes. And the Positive No may be the most valuable life skill you'll ever learn!
