Right before their very eyes, the blazing firestorm yielded up the Ghost! With jaws dropped, the men stood in awe as the creature slowly approached them. No one could have survived that roaring fire set in motion by their own devices. Yet, there he stood larger than life. It was none other than Navy SEAL Commander Bart Nelson. Not believing her eyes, Captain Chelsea Steele wrapped her arms around him and felt of the flesh to make certain it was not an illusion. Still not convinced his men inquired as to how this could be possible. From this day forward the commander was known by both friend and foe as the Ghost. Yes, he had survived but this was only the beginning. The mighty warrior seemed to be invincible and thus the legend grew. Before long the enemy became fearful of the one that simply would not die. At every turn this creature showed up, plaguing their efforts, leaving behind lifeless rebels amid destruction. Alas, there was one thing the Ghost was incapable of, and that set in motion the stories that would follow his departure from the Navy SEALs! If you are a fan of the popular SEALs Series, beginning with The Twelve SEALs, you will want to read this book! Please allow me to introduce this larger-than-life hero, Commander Bart Nelson, The Ghost SEAL!
