The Bible in Today's English Version is a new translation which seeks to state clearly and accurately the meaning of the original texts in words and forms that are widely accepted by all people who use English as a means of communication. This translation does not follow the traditional vocabulary and style found in the historic English Bible versions. Rather it attempts in this century to set forth the Biblical content and message in standard, everyday, natural form of English. The aim of this Bible is to give today's readers maximum understanding of the content of the original texts. The Preface explains the nature of special aids for readers which are included in the volume. It also sets forth the basic principles which the translators followed in their work. The Bible in Today's English Version was translated and published by the United Bible Societies for use throughout the world. The Bible Societies trust that people everywhere will not only find increased understanding through the reading and study of this translation, but will also find a saving hope through faith in God, who made possible this message of Good News for all people. - Foreword.
