This book shows school leaders how to redesign their instructional delivery system, both at primary and secondary level. What's more, March and Peters describe how to integrate 21st Century Skills at the very same time. This will help readers: Develop consistent and structured teaching and learning practices across content areas Ensure sustainable processes through continuous curriculum review and revision Strategically use data to monitor student performance goals Support and sustain enacted reforms through district-wide infrastructure adjustments Provide teachers with Common Core-aligned course tools, including sample curriculum maps, lessons, and specific teaching suggestions
