His writings have a massive breadth both topically and considering the amount of books (nearly 100) he wrote during his lifetime. He was to be consecrated a ...

~~Hans-Urs-von-Balthasar—Theology-Books~~

Hans Urs von Balthasar is widely recognized as perhaps the greatest Catholic theologian of the twentieth century. No writer has better revealed the spiritual greatness of the revelation to which the art of the church and the historic liturgies bear witness. Yet students and nonspecialist readers often find Balthasar daunting and difficult. This volume is the ideal introduction to his work. It unlocks the treasure of his theology by focusing on the beautiful, the good, and the true. These are the three qualities of being around which his great trilogy--The Glory of the Lord, Theo-Drama, and Theo-Logic--revolves. Though brief, the book captures the essence of what Balthasar wished to say.

This is perhaps the best and most comprehensive book on prayer ever written. From the persons of the Trinity through the Incarnation to the Church and the very structure of the human person, this book is a powerful synthesis of what prayer is and how to pray. The testament of a great theologian on something which is most personal and interior, contemplative prayer.

Includes criticism and interpretation of the views of the New Testament, Origen, Augustine, Thomas Aquinas, and Maurice Blondel on Hell, salvation, and damnation.

He descended into hell. Hans Urs von Balthasar, one of the most influential theologians of the twentieth century, placed this affirmation of the Nicene Creed at the heart of his reflection on the world-altering events of Holy Week, asserting that this identification of God with the human experience is at the "absolute center" of the Christian faith. Yet is such a descent to suffering really the essence of Catholic belief about the mystery of Holy Saturday? Alyssa Lyra Pitstick's *Light in Darkness* -- the first comprehensive treatment of Balthasar's theology of Holy Saturday -- draws on the multiple yet unified resources of authoritative Catholic teaching on Christ's descent to challenge Balthasar's conclusions. Pitstick conducts a thorough investigation of Balthasar's position that Christ suffered in his descent into hell and asks whether that is compatible with traditional teaching about Christ. *Light in Darkness* is a thorough argument for the existence and authority of a traditional Catholic doctrine of Christ's descent as manifested in creeds, statements of popes and councils, Scripture, and art from Eastern and Western traditions. Pitstick's carefully argued, contrarian work is sure to spur debate across the theological spectrum.

A great Catholic theologian speaks from the heart about the Heart of Christ, in a profound and lyrical meditation on Our Lord's love for his Bride the Church.

Priesthood and crisis are two words that appear to be very closely related. Or so it has seemed for the past thirty years and more. The crisis in the priestly ministry is constantly showing new sides, however--the issue of the priest's own self-understanding, for example, the interplay of the various different vocations within the Church, and the struggle, in the face of a plethora of different ofPces and ministries, to discern what constitutes the specific priestly dimension and identity. Again and again, in his theological writings, Hans Urs von Balthasar has addressed the fundamental issues of ofPce and ministry, of priesthood and discipleship. He has uncovered the foundations from a biblical and theological historical perspective and has offered answers to the current problems of priestly existence. This book presents the confrontation with relevant trends, and at the same time the opposing current generated by von Balthasar, since he does not follow popular positions but instead gives us the very core of the Gospel and of revelation, like rye bread. In order to illuminate the spirituality and meaning of the life of the priest of today, von Balthasar goes back to the origins, to the apostles, to their calling, and above all to that moment from which their apostolic mission and their entire Christian existence originates, the Paschal mystery of Jesus. On the eve of his death, Jesus establishes the Eucharist and the priesthood; immediately after his Resurrection he bestows on the disciples the power to forgive sins, entrusts his sheep to Peter, and sends them out into the whole world. Thus von Balthasar considers the life and mission of today's priests in continuity not only with the Prst apostles, but above all, with Jesus himself. The person and mission of Jesus Christ stand at the center of priestly spirituality. Hence all the reflections in this work revolve unswervingly around Jesus Christ and his mission. Jesus is the source and norm of priestly existence. Only when God, made manifest in the Pgure of the Savior Jesus Christ, is understood as the center from which this priestly existence springs, and only when this enduring center is proclaimed, can the bold presumption of the Lord in entrusting his mission to weak men be understood in conPdent trust and attract new followers, even in lean times.

In the twelve months before his sudden death, Hans Urs von Balthasar had been writing a series of reflections on the twelve articles of the Apostles' Creed. These texts, which are undoubtedly among the last things he wrote, take on the character of a legacy, a spiritual testament. For they amount in their extraordinary compactness and depth to a little "summa" of his theology. What he had set out in detail in numerous books over five decades, he summarizes here in contemplative plainness and simplicity. All the characteristics that make von Balthasar's work so distinctive and valuable are to be found here: breadth of vision, loveliness of style, and an intuitive-contemporary passion that allows him to "pray intellectually and think 'cordially'." In his warm and extensive introduction to the book, Medard Kehl speaks of von Balthasar's "unclouded, almost childlike joy in the richness and beauty of the Mystery" of the threefold God, which "is evidenced in his interpretation of the creed."

Publisher's description: Hans Urs von Balthasar (1905-1988) is one of the most prolific, creative and wide-ranging theologians of the twentieth century who is just now coming to prominence. But because of his own daring speculations about the meaning of Christ's descent into hell after the crucifixion, about the uniqueness of Christ as savior of a pluralistic world, and because he draws so many of his resources for his theology from literature, drama, and philosophy, Balthasar has never been an easily-categorized theologian. He is neither liberal nor conservative, neither Thomist nor modernist and he seems to elude all attempts to capture the exact way he creatively reinterprets the tradition of Christian thought. For that reason, this Companion is singularly welcome bringing together a wide range of theologians both to outline and to assess the work of someone whom history will surely rank someday with Origen, John Calvin, and Karl Barth.

In Hans Urs von Balthasar's masterpiece, The Glory of the Lord, the great theologian used the term "theological aesthetic" to describe what he believed to be the most accurate method of interpreting the concept of divine love, as opposed to approaches founded on historical or scientific grounds. In this newly translated book, von Balthasar delves deeper into this exploration of what love means, what makes the divine love of God, and how we must become lovers of God in the footsteps of saints like Francis de Sales, John of the Cross and Therese of Lisieux. Based in the theological aesthetic form, Love Alone is Credible brings a fresh perspective on an oft-explored subject. A deeply insightful and profound theological meditation that serves to both deepen and inform the faith of the believer.

From Luther to Kierkegaard, from Heidegger to Sartre, the theme of anguish has dominated both philosophy and spiritual theology. In our "societies of depression" where individuals confront their own loneliness, this theme has recently regained its intensity. In these dense and luminous pages, he is not content merely to show how much this feeling is profoundly inscribed in the heart and the word of God--from the Psalms to the Gospels--but he enters into intimate dialogue with contemporary thought and in particular its existentialist expression. For Balthasar, the Christian faith does not offer a ready-made response, but is simultaneously a journey through the torment of the cross and the liberation from fear by the gift of grace. In the wake of a Bernanos, or a PEGuy, Balthasar emphasizes how much confidence in God leads to a hope which is inexhaustible.
