Four thousand men disappeared and their eagle standard was lost. It's a mystery that's never been solved, until now . . . Marcus has to find out what happened to his father, who led the legion. So he sets out into the unknown, on a quest so dangerous that nobody expects him to return. The Eagle of the Ninth is heralded as one of the most outstanding children's books of the twentieth century and has sold over a million copies worldwide. Rosemary Sutcliff's books about Roman Britain have won much acclaim. The author writes with such passion and with such attention to detail that the Roman age is instantly brought to life and stays with the reader long after the last page has been turned.

With nearly 2 million books in print, this Little Apple series is H-O-T, hot. The SECRET is out -- DROON is the series that kids, parents, and teachers are talking about! There's no place like home! Eric and his friends have finally restored the Rainbow Stairs, but that was the easy part. Now Gethwing is loose in the Upper World, and the Moon Dragon is causing big trouble. Eric, Julie, and Neal have to protect their town, but they're up against mysterious creatures, strangely-behaving parents, and powerful magic. Can the kids stop Gethwing before he destroys the Upper World -- for good?

? With more than 400 illustrations, and detailed maps, this immense and deeply researched account of the history of chess covers not only the modern international game, derived from Persian and Arab roots, but a broad spectrum of variants going back 1500 years, some of which are still played in various parts of the world. The evolution of strategic board games, especially in India, China and Japan, is discussed in detail. Many more recent chess variants (board sizes, new pieces, 3-D, etc.) are fully covered. Instructions for play are provided, with historical context, for every game presented.

"A bold and subversive retelling of the goddess's story," this #1 New York Times bestseller is "both epic and intimate in its scope, recasting the most infamous female figure from the Odyssey as a hero in her own right" (Alexandra Alter, The New York Times). In the house of Helios, god of the sun and mightiest of the Titans, a daughter is born. But Circe is a strange child -- not powerful, like her father, nor viciously alluring like her mother. Turning to the world of mortals for companionship, she discovers that she does possess power -- the power of witchcraft, which can transform rivals into monsters and menace the gods themselves. Threatened, Zeus banishes her to a deserted island, where she hones her occult craft, tames wild beasts and crosses paths with many of the most famous figures in all of mythology, including the Minotaur, Daedalus and his doomed son Icarus,

the murderous Medea, and, of course, wily Odysseus. But there is danger, too, for a woman who stands alone, and Circe unwittingly draws the wrath of both men and gods, ultimately finding herself pitted against one of the most terrifying and vengeful of the Olympians. To protect what she loves most, Circe must summon all her strength and choose, once and for all, whether she belongs with the gods she is born from, or the mortals she has come to love. With unforgettably vivid characters, mesmerizing language, and page-turning suspense, Circe is a triumph of storytelling, an intoxicating epic of family rivalry, palace intrigue, love and loss, as well as a celebration of indomitable female strength in a man's world. #1 New York Times Bestseller -- named one of the Best Books of the Year by NPR, the Washington Post, People, Time, Amazon, Entertainment Weekly, Bustle, Newsweek, the A.V. Club, Christian Science Monitor, Refinery 29, BuzzFeed, Paste, Audible, Kirkus, Publishers Weekly, Thrillist, NYPL, Self, Real Simple, Goodreads, Boston Globe, Electric Literature, BookPage, the Guardian, Book Riot, Seattle Times, and Business Insider.

In Egypt Seb-the earth-is a goose, "the great cackler," who lays the gold egg-the sun. The goose was early tamed by Egyptians, though they had neither ducks nor fowls as domestic birds. In India Brahma rides the goose (see Hansa), and in mythology it is often confused with the swan, which is the great emblem of white, and snow, clouds. The goose is an emblem of Frey, and the swan of Freya, among the Norse. The swan was sacred to the sea god Niord. Russian folk-lore abounds with tales of geese, swans, and ducks. Wedding gifts always include geese, which are symbolic of conjugal fidelity. -from "Goose" This 1906 classic of comparative literature, hard to find in print today, was the first English-language project to approach the world's religions from an anthropological perspective. The work of thirty years for Scottish author JAMES G. R. FORLONG (1824-1904), it was originally published under the now-antiquated title A Cyclopedia of Religions and produced at the author's own expense, so strongly did he feel about the need for it despite the reluctance of the publishing houses of the day to produce it. A road engineer by trade, Forlong traveled the world, learning seven languages and becoming an avid amateur student of native culture-his labor of love was gathering, in this three-volume set, a comprehensive, academic knowledge of the totality of human religious belief. Volume II: E-M includes entries on such gods, peoples, places, practices, symbols, and concepts as: Easter Isle, eggs, fear, and fetish gipsies, gorgons, Helene, and horse incubi, inspiration, Jacob, and Japan Kadesh, Kant, lion, and logos Maia, Maimonides, and Mennonites and much more.

Privé-detective Spenser bevrijdt een vriend uit de gevangenis en gaat samen met hem op zoek naar een verdwenen vriendin.

"The Once and Future King" by T. H. White. Published by Good Press. Good Press publishes a wide range of titles that encompasses every genre. From well-known classics & literary fiction and non-fiction to forgotten?or yet undiscovered gems?of world literature, we issue the books that need to be read. Each Good Press edition has been meticulously edited and formatted to boost readability for all e-readers and devices. Our goal is to produce eBooks that are user-friendly and accessible to everyone in a high-quality digital format.

"Imagine a world where the Roman Empire never fell ... In AD 1218, Praetor Gaius Marcellinus, commander of the 33rd Legion, invades Nova Hesperia, a land inhabited by Powhatani, Iroqua and Cahokiani. In search of gold, he and his men find only death. Marcellinus is taken prisoner, but his life is spared. To survive he must re-evaluate his allegiances and find a new place in a strange land"--Google Books.
