This mind-set often manifests itself with statements like "I can ' t," "I ' m not good enough," and "I ' ll never find the [insert the blank] I want." Many times, we don ' t stop to consider the profound impact that these negative, limiting words have on our mentality, life choices, and the path of possibility that we manifest. After gathering years of research and personal experience with how words affect individuals mentally and emotionally, business owner and communications specialist Mary Shores realized that there is a life-changing theme persistent throughout ancient traditions and spiritual foundations that is supported by scientific professionals.
