Ancient Rome - Facts, Location, & Timeline - HISTORY

In historiography, ancient Rome is Roman civilization from the founding of the Italian city of Rome in the 8th century BC to the collapse of the Western Roman Empire in the 5th century AD, encompassing the Roman Kingdom (753 BC-509 BC), Roman Republic (509 BC-27 BC) and Roman Empire (27 BC-476 AD) until the fall of the western empire.

Ancient Rome - Wikipedia

The history of Rome includes the history of the city of Rome as well as the civilisation of ancient Rome. Roman history has been influential on the modern world, especially in the history of the Catholic Church, and Roman law has influenced many modern legal systems. Roman history can be divided into the following periods:

History of Rome - Wikipedia

According to legend, Ancient Rome was founded by the two brothers, and demigods, Romulus and Remus, on 21 April 753 BCE. The legend claims that in an argument over who would rule the city (or, in another version, where the city would be located) Romulus killed Remus and named the city after himself. This story of the founding of Rome is the best known but it is not the only one.

What was life like in ancient Rome? - BBC Bitesize

The military of ancient Rome, according to Titus Livius, one of the more illustrious historians of Rome over the centuries, was a key element in the rise of Rome over "above seven hundred years" from a small settlement in Latium to the capital of an empire governing a wide region around the shortry of the Mediterranean, or, as the Romans themselves said, "'mare nostrum'", "our sea".

Military of ancient Rome - Wikipedia

In ancient Greece, nudity became associated with the perfection of the gods. In ancient Rome, complete nudity could be a public disgrace, though it could be seen at the public baths or in erotic art. In the Western world, with the spread of Christianity, any positive associations with nudity were replaced with concepts of sin and shame.

History of nudity - Wikipedia

The patrician Fabius Pictor, who, as noted above, founded the Roman tradition of historiography during the Second Punic War, wrote his annalistic history of Rome in Greek partly in order to influence Greek views in favour of Rome, and he emphasized Rome's ancient ties to the Greek world by incorporating in his history the legend that the Trojan hero Aeneas had settled in Latium.

New York Times Bestseller A New York Times Notable Book Named one of the Best Books of the Year by the Wall Street Journal, the Economist, Foreign Affairs, and Kirkus Reviews Finalist for the National Book Critics Circle Award (Nonfiction) Shortlisted for the Cundill Prize in Historical Literature Finalist for the Los Angeles Times Book Prize (History) A San Francisco Chronicle Holiday Gift Guide Selection A New York Times Book Review Editors' Choice Selection A sweeping, "magisterial" history of the Roman Empire from one of our foremost classicists shows why Rome remains "relevant to people many centuries later" (Atlantic). In SPQR, an instant classic, Mary Beard narrates the history of Rome "with passion and without technical jargon" and demonstrates how "a slightly shabby Iron Age village" rose to become the "undisputed hegemon of the Mediterranean" (Wall Street Journal). Hailed by critics as animating "the grand sweep and the intimate details that bring the distant past vividly to life" (Economist) in a way that makes "your hair stand on end" (Christian Science Monitor) and spanning nearly a thousand years of history, this "highly informative, highly readable" (Dallas Morning News) work examines not just how we think of ancient Rome but challenges the comfortable historical perspectives that have existed for centuries. With its nuanced attention to class, democratic struggles, and the lives of entire groups of people omitted from the historical narrative for centuries, SPQR will to shape our view of Roman history for decades to come.

Traces the political and military history of Roman Republic and Empire, from the Italian Iron Age to the last emperor in 476 A.D., examining the link between political institutions and military campaigns, the rise of Christianity, the eventual downfall of the western empire, and other key topics.

After a general introduction on Roman historical writing, extensive passages from more than a dozen Greek and Roman historians and biographers trace the history of Rome over more than a thousand years: from the city's foundation by Romulus in 753 B.C.E. (Livy) to Constantine's edict of toleration for Christianity (313 C.E.) Selections include many of the high points of Rome's climb to world domination: the defeat of Hannibal; the conquest of Greece and the eastern Mediterranean; the defeat of the Catilinarian conspirators; Caesar's conquest of Gaul; Antony and Cleopatra; the establishment of the Empire by Caesar Augustus; and the "Roman Peace" under Hadrian and long excerpts from Tacitus record the horrors of the reigns of Tiberius and Nero.

Traces the history of early Rome, covering such topics as religion, language, and culture.

A sweeping history of ancient Roman history ranges from the prehistoric settlements to the age of Constantine to chronicle the evolution of Rome from a single village community in the Italian peninsula to one of the most powerful empires in the history of the world, documenting such key events, people, and landmarks as the Punic Wars, Caesar's conquest of Gaul, and Constantine's adoption of Christianity.

What vision eventually led Constantine to abandon paganism for Christianity? And much, much more! Scroll up and click the "add to cart" button to learn the stories of the incredible ancient Rome!

The events and personalities of ancient Rome spring to life in this history, from its founding in 753 B.C. to the death of the philosopher-emperor Marcus Aurelius in A.D. 180. Paul A. Zoch presents, in contemporary language, the history of Rome and the stories of its protagonists?such as Romulus and Remus, Horatius, and Nero-which are so often omitted from more specialized studies. With an eye detail, Zoch guides his readers through the military campaigns and political developments that shaped Rome's rise from a small Italian city to the greatest imperial power the world has ever known. We witness the long struggle against the enemy city of Carthage. We follow Caesar as he campaigns in Britain, and we observe the ebb and flow of Rome's fortunes in the Hellenistic East. Writing with the belief that such stories contain moral lessons that are relevant today, Zoch presents a narrative that is both entertaining and informative. An afterword takes the history to the fall of the Roman Empire in the West in A.D. 476.

Figuring in myth, religion, law, the military, commerce, and transportation, rivers were at the heart of Rome's increasing exploitation of the environment of the Mediterranean world. In Rivers and the Power of Ancient Rome, Brian Campbell explores the role and influence of rivers and their surrounding landscape on the society and culture of the Roman Empire. Examining artistic representations of rivers, related architecture, and the work of ancient geographers and topographers, as well as writers who describe rivers, Campbell reveals how Romans defined the geographical areas they conquered and how geography and natural surroundings related to their society and activities. In addition, he illuminates the prominence and value of rivers in the control and expansion of the Roman Empire--through the legal regulation of riverine activities, the exploitation of rivers in military tactics, and the use of rivers as routes of communication and movement. Campbell shows how a technological understanding of--and even mastery over--the forces of the river helped Rome rise to its central place in the ancient world.

Ancient Rome Rome is a city of myth and legend. The Eternal City, the city of the seven hills, the sacred city, the caput mundi, the center of the world, Roma, Rome, by any of her many names is a city built of history and blood, marble and water, war and conquest. Inside you will read about... - Legendary Beginnings- The Senate and the People- Ave Caesar- Empire- Rulers of the World- The Fall- LegacyFrom legendary beginnings, a city rose from the swamp surrounded by the seven hills and split by the Tiber River. Built and rebuilt, a sacred republic and a divine empire, blessed by a thousand gods and by One, the story of her rise and fall has been told and retold for a thousand years and is still relevant in today's world, as echoes of her ancient glory have shaped our culture, laws, lifestyle and beliefs in subtle and pervasive ways.

The rise and fall of the Roman World is one of the most fascinating stories in history. This book traces the historical, cultural and political development of the small Iron Age tribe on the banks of the River Tiber who developed into the rulers of an empire that dominated the Western world. While her legionaries brought Roman rule to the far corners of Europe and the Middle East, her poets, architects, politicians and philosophers were creating a cultural legacy that still survives today. In this ambitious and lavishly illustrated book, the history of this remarkable people has been traced, allowing readers a clear and concise insight into the Roman World. Use the well-researched text, superb maps, specially commissioned artwork, and copious photographs the Atlas of Ancient Rome to follow the origins, rise, decline, and fall of the greatest empire the world has ever known.
