writer or you cannot see how your family history is important to save. All of our immigrant ancestors contributed to America's history and their stories should be saved for our grandchildren. Our family histories should give clues of their roles and this will help us understand our roots. If you feel you do not have the skills to do this, who in your family can? If you like to do the research, is there someone that can work with you to write it? If you are interested in telling your family stories, I hope that the materials in this book help you overcome your fears of writing and you will commit the oral traditions of your family to the written word. I show how getting started with brief biographical summaries can make writing easier and overcome your fears of writing, I cover simple methods for organizing your summaries that can stand alone and then later be combined into a larger document that becomes your family
