In this compelling, heartwarming novel from New York Times bestselling author Marie Bostwick, one woman finds new purpose in a new phase of life . . . “Whatever comes your way, find the happiness in it.” Hope Carpenter received that advice from her mother decades ago. Now, with their four children grown, Hope and her husband, Rick, are suddenly facing an uncertain future, after a forced retirement strains both their savings and their marriage. Seeking inspiration and a financial boost, Hope gets a job teaching crafts to inmates at a local women’s prison. At first, Hope feels foolish and irrelevant, struggling to relate to women whose choices seem so different from her own. But with time, and the encouragement of the prison chaplain, she begins to discover common ground with the inmates, in their worries about their children and families, their fear of having failed those who need them. Just like her, they want to make something of themselves, but believe it might be impossible. Embarking on an ambitious quilting project, Hope and her students begin to bond. Together, piece by piece, they learn to defy expectations—their own and others’—and to see that it’s never too late to stitch together a life that, even in its imperfections, is both surprising and beautiful. Praise for Marie Bostwick and Her Novels “Reading Marie Bostwick is like wrapping yourself up in a warm, hand-crafted quilt.” —Debbie Macomber, #1 New York Times bestselling author “It takes great skill to write a heartwarming story about grief, and Bostwick proves she is up to the task. . . . A great addition to any women’s-fiction collection.” —Booklist “Beautiful, thought-provoking, tragic and redeeming, The Second Sister is a feel-good goldmine.” —USAToday.com

“Over half a century has passed since I cut my teeth on an old .36 Navy Colt. For 40 years I have almost never been out of easy reach of a good sixgun. Thirty years I spent in the saddle, packing, punching cows and breaking saddle brones. The sixgun was worn just as regularly as my pants and many times was much more important to my existence. It pulled me out of several tight scrapes with wild horses, wilder cattle and some big game. Though I have witnessed several gun fights, have had guns pulled on me and have been shot at several times, I have never had to use my gun on a man. Several times it was touch-and-go and perhaps only the current knowledge that I was both fast and accurate with a sixgun saved me from being embroiled. Though I do not recommend a sixgun for big game, thirty head of big game have fallen to mine, including elk, bear, deer, cougar, mountain goat and javelina. I have also trailed up a great many big game animals of various species that were wounded by sportsmen and then I finished them off. No record was kept of these or the many coyotes, bobcats and lesser game, or the livestock I have had to kill.” This classic includes the following chapters: Introduction I. History of the Sixgun II. Selecting the Handgun III. Learning To Shoot IV. Sixgun Sights V. Long Range Shooting VI. Game Shooting VII. Double Action Shooting VIII. Gun Rigs and Holsters IX. Quick Draw and Hip Shooting X. Gun Fighting XI. Revolver Versus Auto Pistol XII. Aerial and Trick Shooting XIII. Slip Shooting, Fanning, Cavalry Guns XIV. Loading and Management of Cap and Ball Sixguns XV. Repairs, Remodeling, Resighting XVI. A Bullet Chapter XVII. Cartridge Reloading XVIII. Selection of Cartridges XIX. Ornamentation, Barrel Lengths, Balance, Velocities XX.
