Which is why it was surprising that when I saw “ In the darkness, that ’ s where I ’ ll know you ” I mentally took a step back, and really thought about the title. It ’ s... kind of gorgeous, you know? Evocative, yearning, and somehow poetic. And really, it doesn ’ t do justice to the absolute crazy-pants insanity of this book.

The first struggle of light into and through darkness until the darkness received it, rolled back before it, passed away into it--the repeated comprehension of light by darkness, as in the dawn of every morning the night passes into day, and the earth now shrouded in blackness is now bathed in the clear white light of an Eastern sun--this has its counterpart in the moral world.

But somehow, Darkness didn't quite fully click with me. I've asked myself repeatedly why, if I loved pretty much everything about it, I can't just start throwing happy neurons at it like Mardi Gras beads. I think that the answer lies in the pacing. I feel like too many parts of this book got dragged down in speculation about what is ...

Strikingly original in its conception, ambitious in scope, with characters engrossingly and vividly drawn, the first book in R. Scott Bakker's Prince of Nothing series creates a remarkable world from whole cloth—its language and classes of people, its cities, religions, mysteries, taboos, and rituals—the kind of all-embracing universe Tolkien and Herbert created unforgettably in the epic fantasies *The Lord of the Rings* and *Dune*. It's a world scarred by an apocalyptic past, evoking a time both two thousand years past and two thousand years into the future, as untold thousands gather for a crusade. Among them, two men and two women are ensnared by a mysterious traveler, Anasûrimbor Kellhus—part warrior, part philosopher, part sorcerous, charismatic presence—from lands long thought dead. *The Darkness That Comes Before* is a history of this great holy war, and like all histories, the survivors write its conclusion.

FINALLY, THE COMPLETE BLACK ROOM SAGA, ALL IN ONE VOLUME! THE COMPLETE STORY!

There are hangovers, there are bad hangovers, and then there's waking up inside someone else's head. Thirty-something bartender Charlie Wilkes is faced with this exact dilemma when he wakes to find himself trapped inside *The Black Room*; a space consisting of impenetrable darkness and a huge, ethereal screen floating in its centre. It is through this screen that he sees the world of his female host, Minnie. How did he get there? What has happened to his life? And how can he exist inside the mind of a troubled, fragile, but beautiful woman with secrets of her own? Uncertain whether he's even real or if he is just a figment of his host's imagination, Charlie must enlist Minnie's help if he is to find a way out of *The Black Room*, a place where even the light of the screen goes out every time Minnie closes her eyes...

The “ taut and haunting ” first thriller in the Gardiner and Renner series from the New York Times bestselling author of *Every Kind of Wicked* (Jeff Lindsay, creator of the Dexter series). As a forensic investigator for the Cleveland Police Department, Maggie Gardiner has seen her share of Jane Does. The latest is an unidentified female in her early teens, discovered in a local cemetery. More shocking than the girl ’ s injuries—for Maggie at least—is the fact that no one has reported her missing. She and the detectives assigned to the case (including her cop ex-husband) are determined to follow every lead, run down every scrap of evidence. But the monster they seek is watching every move, closer to them than they could possibly imagine. Jack Renner is a killer. He doesn ’ t murder because he enjoys it, or because he believes himself omnipotent, or for any

reason other than to make the world a safer place. When he follows the trail of this Jane Doe to a locked room in a small apartment where eighteen teenaged girls are anything but safe, he knows something must be done. But his pursuit of their captor takes an unexpected turn. Maggie Gardiner finds another body waiting for her in the autopsy room—and a host of questions that will challenge everything she believes about justice, morality, and the true nature of evil . . . “ An absolute must read. ” —Suspense Magazine “ Black skillfully portrays the stark realities of homicide cases. ” —Library Journal “ Intriguing forensic details help drive the plot to its satisfying conclusion. ” —Publishers Weekly “ The surprising ending is sure to keep readers coming back for more. ” —Booklist

An immersive new space opera featuring an unforgettable ensemble cast, set in a sci-fi world with a fantasy twist. The blistering story of a young man making his Broadway debut in *Henry IV* just as his marriage implodes--an utterly transfixing book about art and love, fame and heartbreak from the acclaimed actor/writer/director. Hawke's first novel in nearly twenty years is a bracing meditation on fame and celebrity, and the redemptive, healing power of art; a portrait of the ravages of disappointment and divorce; a poignant consideration of the rites of fatherhood and manhood; a novel soaked in rage and sex, longing and despair; and

a passionate love letter to the world of theater. *A Bright Ray of Darkness* showcases Ethan Hawke's gifts as a novelist as never before. Hawke's narrator is a young man in torment, disgusted with himself after the collapse of his marriage, still half-hoping for a reconciliation that would allow him to forgive himself and move on as he clumsily, and sometimes hilariously, tries to manage the wreckage of his personal life with whiskey and sex. What saves him is theater: in particular, the challenge of performing the role of Hotspur in a production of *Henry IV* under the leadership of a brilliant director, helmed by one of the most electrifying--and narcissistic--Falstaff's of all time. Searing and raw, *A Bright Ray of Darkness* is a novel about shame and beauty and faith, and the moral power of art.

Abducted as a teenager, a woman must now confront her past and untangle the truth of what really happened to her in this dark thriller from the author of *The Wolf Wants In*. “Compulsively, propulsively readable.” —Laura Lippman, bestselling author of *Lady in the Lake* Seventeen-year-old Sarabeth has become increasingly rebellious since her parents found God and moved their family to a remote Arkansas farmstead where she 's forced to wear long dresses, follow strict rules, and grow her hair down to her waist. She 's all but given up on escaping the farm when a masked man appears one stifling summer morning and snatches her out of the cornfield. A week after her abduction, she 's found alongside a highway in a bloodstained dress—alive—but her family treats her like she 's tainted, and there 's little hope of finding her captor, who kept Sarabeth blindfolded in the dark the entire time, never uttering a word. One good thing arises from the horrific ordeal: a chance to leave the Ozarks and start a new life. Five years later, Sarabeth is struggling to keep her past buried when investigator Nick Farrow calls. Convinced that her case is connected to the strikingly similar disappearance of another young girl, Farrow wants Sarabeth 's help, and he 'll do whatever it takes to get it, even if

that means dragging her back to the last place she wants to go—the hills and hollers of home, to face her estranged family and all her deepest fears. In this riveting novel from Laura McHugh, blood ties and buried secrets draw a young woman back into the nightmare of her past to save a missing girl, unaware of what awaits her in the darkness.

Acclaimed Canadian poet Steven Price has conjured a stunning debut novel that explores what we ask from each other, and how much we are prepared to give. Set in the city of Victoria, British Columbia, *Into That Darkness* opens at the moment when a massive earthquake hits the entire west coast with devastating results. Amid the destruction of the city, survivors are left to negotiate a calamity in which bonds of civility are pushed to their limits and often broken. When Arthur Lear hears a voice crying in the rubble, he finds himself descending deep under a collapsed building in a desperate attempt to save a young boy and his mother. But what he discovers there will change him forever — as circumstances lead him across the city's broken landscape, through the chaos of its hospitals and streets, in a harrowing search for the mother's lost daughter. Over the days that follow, Lear's very sense of humanness will be tested and compromised, as he faces the limits of himself and his fellow survivors, in his long journey home. A novel for our age of anxiety and fear, Steven Price delivers a powerful story about the physical manifestation of the darker things lurking in our culture, in ourselves.

Life is the Darkness is a book of short stories, and a few pieces of poetry. I break the fourth wall, and all but a few are macabre, some are humorous and all are pieces of realism/surrealism. Some content can be confronting. It ranges from the innocuous, through to the inevitability of a barren earth, should humans continue to abuse her. There are so many things available to us, other than the manufacturing materials we currently use, to save our planet, while

First published in 1941, a classic portrait of a Soviet revolutionary who is imprisoned and tortured under Stalin's rule finds him agonizingly reflecting on his ironic career under the totalitarian movement.

A NEW YORK TIMES BESTSELLER For Sarah Hepola, alcohol was "the gasoline of all adventure." She spent her evenings at cocktail parties and dark bars where she proudly stayed till last call. Drinking felt like freedom, part of her birthright as a strong, enlightened twenty-first-century woman. But there was a price. She often blacked out, waking up with a blank space where four hours should be. Mornings became detective work on her own life. What did I say last night? How did I meet that guy? She apologized for things she couldn't remember doing, as though she were cleaning up after an evil twin. Publicly, she covered her shame with self-deprecating jokes, and her career flourished, but as the blackouts accumulated, she could no longer avoid a sinking truth. The fuel she thought she needed was draining her spirit instead. A memoir of unblinking honesty and poignant, laugh-out-loud humor, **BLACKOUT** is the story of a woman stumbling into a new kind of adventure--the sober life she never wanted. Shining a light into her blackouts, she discovers the person she buried, as well as the confidence, intimacy, and creativity she once believed came only from a bottle. Her tale will resonate with anyone who has been forced to reinvent or struggled in the face of necessary change. It's about giving up the thing you cherish most--but getting yourself back in return. ***Includes Reading Group Guide***
