Over the last few years, Adobe InDesign has made significant inroads against QuarkXPress, with adoptions by major media companies such as Meredith Corporation and Hearst Magazines; it is now the only desktop publishing program taught at many arts schools. Shows graphic designers how to get up to speed quickly on the latest InDesign release, make the most of program tools, create great page designs, add sparkle, and output to a variety of media. The authors, both Quark experts who've converted to InDesign, offer special tips and insights to Quark users who are making (or thinking of making) the switch to InDesign.

Offers a tutorial exploring the updated features of Adobe InDesign CS2, explaining how to create and manipulate type, photographs, layers, and Web graphics in a professional environment.
