Un bon set de départ pour infinity. On y retrouve de quoi jouer tout de suite et une liste d'armée à 300 points comprenant les figurines de la boîte de base. Le rendu des décors est très bien en revanche les décors nécessitent d'être collés car leur design fait qu'ils tiennent moins en place

Black Ops is a skirmish wargame of tactical espionage combat that
recreates the tension and excitement of modern action-thrillers such
as the Bond and Bourne films. The fast-play rules keep all the players
in the thick of the action, while the mission generator provides a
wide range of options for scenarios - from stealthy extraction or
surveillance missions to more overt raids and assaults. Stealth,

combat, and technical expertise all have a role to play, and players may recruit a number of different operative types - spies, mercenaries, criminals, hackers, special forces, and many more - to recruit the best possible team for the job. Players may also choose to join a faction - powerful organizations, intelligence agencies, criminal syndicates, militaries, or rebel groups, each with a stake in international affairs. By doing so, their team may receive certain benefits, but may also find itself limited at a crucial time. With the variety offered by the characters, factions, and scenarios, no two games of Black Ops should ever be the same!

This text combines the market leading writing and presentation skills of Bill Stevenson with integrated, thorough, Excel modeling from Ceyhun Ozgur. Professor Ozgur teaches Management Science, Operations, and Statistics using Excel, at the undergrad and MBA levels at Valparaiso University --and Ozgur developed and tested all examples, problems and cases with his students. The authors have written this text for students who have no significant mathematics training and only the most elementary experience with Excel.

Ready? Line UP! FALL IN! And you'll fall for this timely and generous novel set on an Air Force base during the Iraq War, about an amazing teacher and the students she inspires. No one in her sixth-grade class knows quite what to make of Ms. Loupe, with her short hair, her taped square "stage" on the floor, and the interest in improvisational theatre. After all, their school is on an Air Force base--a place that values discipline more than improv. But her students soon come to love her fresh approach; and when her dear brother goes missing in
