continues to be the most objective and thorough treatment of International Business available for students. Enriched with maps, photos, and the most up-to-date world data, this text boasts the collective expertise of five authors with firsthand international business experience, specializing in international management, finance, law, global strategy, and marketing — a claim no other text can make. In addition, each new copy of International Business, 11e includes access to CESIM — an interactive IB simulation developed for industry professionals. Ball, et al is the only textbook on the market which features access to CESIM. Only Ball, McCulloch, Geringer, Minor and McNett can offer a complete view of International Business as diverse as the backgrounds of business students.

For a first course in international business at the undergraduate or M.B.A. Level. Section 1 discusses the nature of international business and the three environments in which an international businessperson works. Section II examines the important international organizations, the international monetary system and their input in business. Section III discusses the uncontrollable forces that make up the foreign environments and illustrates their effects on business practices. The final section deals with the functions of management and shows how managers deal with the uncontrollable forces. Trends and new directives of international companies are also treated.

Empower students to develop their global mindset! Up-to-date, relevant and engaging, International Business 2e provides a flexible, modular format for instructors along with student-focused features that make the study of IB personally relevant for every student!
