#1 NEW YORK TIMES BESTSELLER • Pulitzer Prize–winning author Jon Meacham helps us understand the present moment in American politics and life by looking back at critical times in our history when hope overcame division and fear. ONE OF OPRAH'S "BOOKS THAT HELP ME THROUGH" • NAMED ONE OF THE BEST BOOKS OF THE YEAR BY NPR • The Christian Science Monitor • Southern Living Our current climate of partisan fury is not new, and in *The Soul of America* Meacham shows us how what Abraham Lincoln called the "better angels of our nature" have repeatedly won the day. Painting surprising portraits of Lincoln and other presidents, including Ulysses S. Grant, Theodore Roosevelt, Woodrow Wilson, Franklin D. Roosevelt, Harry S. Truman, Dwight Eisenhower, and Lyndon B. Johnson, and illuminating the courage of such influential citizen activists as Martin Luther King, Jr., early suffragettes Alice Paul and Carrie Chapman Catt, civil rights pioneers Rosa Parks and John Lewis,

Read Book J Meacham Guided Reading

First Lady Eleanor Roosevelt, and Army-McCarthy hearings lawyer Joseph N. Welch, Meacham brings vividly to life turning points in American history. He writes about the Civil War, Reconstruction, and the birth of the Lost Cause; the backlash against immigrants in the First World War and the resurgence of the Ku Klux Klan in the 1920s; the fight for women's rights; the demagoguery of Huey Long and Father Coughlin and the isolationist work of America First in the years before World War II; the anti-Communist witch-hunts led by Senator Joseph McCarthy; and Lyndon Johnson's crusade against Jim Crow. Each of these dramatic hours in our national life have been shaped by the contest to lead the country to look forward rather than back, to assert hope over fear—a struggle that continues even now. While the American story has not always—or even often—been heroic, we have been sustained by a belief in progress even in the gloomiest of times. In this inspiring book, Meacham reassures us, “The good news is that we have come through such darkness before”—as, time and again, Lincoln's better angels have found a way to prevail. Praise for *The Soul of America* “Brilliant, fascinating, timely . . . With compelling narratives of past eras of strife and disenchantment, Meacham offers wisdom for our own time.”—Walter Isaacson “Gripping and inspiring, *The Soul of America* is Jon Meacham's declaration of his faith in America.”—Newsday “Meacham gives readers a long-term perspective on American history and a reason to believe the soul of America is ultimately one of kindness and caring, not rancor and paranoia.”—USA Today

NEW YORK TIMES BESTSELLER • Pulitzer Prize–winning author Jon Meacham explores the seven last sayings of Jesus as recorded in the Gospels, combining rich historical and theological insights to reflect on the true heart of the Christian story. For Jon Meacham, as for believers worldwide, the events of Good Friday and Easter reveal essential truths about Christianity. A former vestryman of Trinity Church Wall Street and St. Thomas Church Fifth Avenue, Meacham delves into that intersection of faith and history in this meditation on the seven phrases Jesus spoke from the cross. Beginning with “Father, forgive them, for they do not know what they do” and ending with “Father, into thy hands I commend my spirit,” Meacham captures for the reader how these words epitomize Jesus's message of love, not hate; grace, not rage; and, rather than vengeance, extraordinary mercy. For each saying, Meacham composes an essay on the origins of Christianity and how Jesus's final words created a foundation for oral and written traditions that upended the very order of the world. Writing in a tone more intimate than any of his previous works, Jon Meacham returns us to the moment that transformed Jesus from a historical figure into the proclaimed Son of God, worshiped by billions.

NEW YORK TIMES BESTSELLER • A celebration of American history through the music that helped to shape a nation, by Pulitzer Prize winner Jon Meacham and music superstar Tim McGraw “Jon Meacham and Tim McGraw form an irresistible duo—connecting us to music as an unsung force in our nation's history.”—Doris Kearns Goodwin Through all the years of strife and triumph, America has been shaped not just by our elected leaders and our formal politics but also by our music—by the lyrics, performers, and instrumentals that have helped to carry us through the dark days and to celebrate the bright ones. From “The Star-Spangled Banner” to “Born in the U.S.A.,” Jon Meacham and Tim McGraw take readers on a moving and insightful journey through eras in American history and the songs and performers that inspired us. Meacham chronicles our history, exploring the stories behind the songs, and Tim McGraw reflects on them as an artist and performer. Their perspectives combine to create a unique view of the role music has played in uniting and shaping a nation. Beginning with the battle hymns of the revolution, and taking us through songs from the defining events of the Civil War, the fight for women's suffrage, the two world wars, the Great Depression, the civil rights movement, the Vietnam War, and into the twenty-first century, Meacham and McGraw explore the songs that defined generations, and the cultural and political climates that produced them. Readers will discover the power of music in the lives of figures such as Harriet Tubman, Franklin Roosevelt, Eleanor Roosevelt, and Martin Luther King, Jr., and will learn more about some of our most beloved musicians and performers, including Marian Anderson, Elvis Presley, Sam Cooke, Aretha Franklin, Bob Dylan, Duke Ellington, Carole King, Bruce Springsteen, and more. *Songs of America* explores both famous songs and lesser-known ones, expanding our understanding of the scope of American music and lending deeper meaning to the historical context of such songs as “My Country, 'Tis of Thee,” “God Bless America,” “Over There,” “We Shall Overcome,” and “Blowin' in the Wind.” As Quincy Jones says, Meacham and McGraw have “convened a concert in *Songs of America*,” one that reminds us of who we are, where we've been, and what we, at our best, can be.

#1 NEW YORK TIMES BESTSELLER • An intimate and revealing portrait of civil rights icon and longtime U.S. congressman John Lewis, linking his life to the painful quest for justice in America from the 1950s to the present—from the Pulitzer Prize–winning author of *The Soul of America* NAMED ONE OF THE BEST BOOKS OF THE YEAR BY THE WASHINGTON POST AND COSMOPOLITAN John Lewis, who at age twenty-five marched in Selma, Alabama, and was beaten on the Edmund Pettus Bridge, was a visionary and a man of faith. Drawing on decades of wide-ranging interviews with Lewis, Jon Meacham writes of how this great-grandson of a slave and son of an Alabama tenant farmer was inspired by the Bible and his teachers in nonviolence, Reverend James Lawson and Martin Luther King, Jr., to put his life on the line in the service of what Abraham Lincoln called “the better angels of our nature.” From an early age, Lewis learned that nonviolence was not only a tactic but a philosophy, a biblical imperative, and a transforming reality. At the age of four, Lewis, ambitious to become a minister, practiced by preaching to his family's chickens. When his mother cooked one of the chickens, the boy refused to eat it—his first act, he wryly recalled, of nonviolent protest. Integral to Lewis's commitment to bettering the nation was his faith in humanity and in God—and an unshakable belief in the power of hope. Meacham calls Lewis “as important to the founding of a modern and multiethnic twentieth- and twenty-first-century America as Thomas Jefferson and James Madison and Samuel Adams were to the initial creation of the Republic itself in the eighteenth century.” A believer in the injunction that one should love one's neighbor as oneself, Lewis was arguably a saint in our time, risking limb and life to bear witness for the powerless in the face of the powerful. In many ways he brought a still-evolving nation closer to realizing its ideals, and his story offers inspiration and illumination for Americans today who are working for social and political change.

Summary of *Destiny and Power*: by Jon Meacham | Includes Analysis Preview: *Destiny and Power: The American Odyssey of George Herbert Walker Bush* by Jon Meacham is a biography of George H.W. Bush, the 41st president of the United States, who served from 1988 to 1992. The author argues that as president and as a politician, Bush used prudence and compromise to an extent that would seem out of place in today's era of highly partisan US politics. George H.W. Bush had a varied career before winning the presidency: he was a Navy pilot, oilman, congressman, ambassador to the UN, envoy to China, head of the Republican Party, and later director of the CIA. In the executive branch, he first served as vice president of the United States under Ronald Reagan for eight years before beginning his own presidency... PLEASE NOTE: This is a summary and analysis of the book and NOT the original book. Inside this Instaread Summary & Analysis of *Destiny and Power*: • Summary of book • Introduction to the Important People in the book • Analysis of the Themes and Author's Style

Read Book J Meacham Guided Reading

Pulitzer Prize–winning historian Jon Meacham offers a collection of inspiring words about how to be a good citizen, from Thomas Jefferson and others, and reminds us why our country’s founding principles are still so important today. Thomas Jefferson believed in the covenant between a government and its citizens, in both the government’s responsibilities to its people and also the people’s responsibility to the republic. In this illuminating book, a project of the Thomas Jefferson Foundation at Monticello, the #1 New York Times bestselling author Jon Meacham presents selections from Jefferson’s writing on the subject, with an afterword by Pulitzer Prize–winning historian Annette Gordon-Reed and comments on Jefferson’s ideas from others, including Colin Powell, Madeleine Albright, Frederick Douglass, Carl Sagan, and American presidents. This curated collection revitalizes how to see an individual’s role in the world, as it explores such Jeffersonian concepts as religious freedom, the importance of a free press, public education, participation in government, and others. Meacham writes, “In an hour of twenty-first-century division and partisanship, of declining trust in institutions and of widespread skepticism about the long-term viability of the American experiment, it is instructive to return to first principles. Not, to be sure, as an exercise in nostalgia or as a flight from the reality of our own time, but as an honest effort to see, as Jefferson wrote, what history may be able to tell us about the present and the future.”

NEW YORK TIMES BESTSELLER • Pulitzer Prize-winning author Jon Meacham reveals how the Founding Fathers viewed faith—and how they ultimately created a nation in which belief in God is a matter of choice. At a time when our country seems divided by extremism, *American Gospel* draws on the past to offer a new perspective. Meacham re-creates the fascinating history of a nation grappling with religion and politics—from John Winthrop’s “city on a hill” sermon to Thomas Jefferson’s Declaration of Independence; from the Revolution to the Civil War; from a proposed nineteenth-century Christian Amendment to the Constitution to Martin Luther King, Jr.’s call for civil rights; from George Washington to Ronald Reagan. Debates about religion and politics are often more divisive than illuminating. Secularists point to a “wall of separation between church and state,” while many conservatives act as though the Founding Fathers were apostles in knee britches. As Meacham shows in this brisk narrative, neither extreme has it right. At the heart of the American experiment lies the God of what Benjamin Franklin called “public religion,” a God who invests all human beings with inalienable rights while protecting private religion from government interference. It is a great American balancing act, and it has served us well. Meacham has written and spoken extensively about religion and politics, and he brings historical authority and a sense of hope to the issue. *American Gospel* makes it compellingly clear that the nation’s best chance of summoning what Lincoln called “the better angels of our nature” lies in recovering the spirit and sense of the Founding. In looking back, we may find the light to lead us forward. Praise for *American Gospel* “In his *American Gospel*, Jon Meacham provides a refreshingly clear, balanced, and wise historical portrait of religion and American politics at exactly the moment when such fairness and understanding are much needed. Anyone who doubts the relevance of history to our own time has only to read this exceptional book.”—David McCullough, author of *1776* “Jon Meacham has given us an insightful and eloquent account of the spiritual foundation of the early days of the American republic. It is especially instructive reading at a time when the nation is at once engaged in and deeply divided on the question of religion and its place in public life.”—Tom Brokaw, author of *The Greatest Generation*

The definitive biography of a larger-than-life president who defied norms, divided a nation, and changed Washington forever Andrew Jackson, his intimate circle of friends, and his tumultuous times are at the heart of this remarkable book about the man who rose from nothing to create the modern presidency. Beloved and hated, venerated and reviled, Andrew Jackson was an orphan who fought his way to the pinnacle of power, bending the nation to his will in the cause of democracy. Jackson’s election in 1828 ushered in a new and lasting era in which the people, not distant elites, were the guiding force in American politics. Democracy made its stand in the Jackson years, and he gave voice to the hopes and the fears of a restless, changing nation facing challenging times at home and threats abroad. To tell the saga of Jackson’s presidency, acclaimed author Jon Meacham goes inside the Jackson White House. Drawing on newly discovered family letters and papers, he details the human drama—the family, the women, and the inner circle of advisers— that shaped Jackson’s private world through years of storm and victory. One of our most significant yet dimly recalled presidents, Jackson was a battle-hardened warrior, the founder of the Democratic Party, and the architect of the presidency as we know it. His story is one of violence, sex, courage, and tragedy. With his powerful persona, his evident bravery, and his mystical connection to the people, Jackson moved the White House from the periphery of government to the center of national action, articulating a vision of change that challenged entrenched interests to heed the popular will— or face his formidable wrath. The greatest of the presidents who have followed Jackson in the White House—from Lincoln to Theodore Roosevelt to FDR to Truman—have found inspiration in his example, and virtue in his vision. Jackson was the most contradictory of men. The architect of the removal of Indians from their native lands, he was warmly sentimental and risked everything to give more power to ordinary citizens. He was, in short, a lot like his country: alternately kind and vicious, brilliant and blind; and a man who fought a lifelong war to keep the republic safe—no matter what it took.

Read the USA Today bestseller from the author of *Roses*, a "sumptuous, full-bodied, and emotional" novel about five young spies embedded among the highest Nazi ranks in occupied Paris (Adriana Trigiani, NYT bestselling author of *Tony's Wife*). At the height of World War II, a handful of idealistic young Americans receive a mysterious letter from the government, asking them if they are willing to fight for their country. The men and women from very different backgrounds -- a Texan athlete with German roots, an upper-crust son of a French mother and a wealthy businessman, a dirt-poor Midwestern fly fisherman, an orphaned fashion designer, and a ravishingly beautiful female fencer -- all answer the call of duty, but each for a secret reason of her or his own. They bond immediately, in a group code-named Dragonfly. Thus begins a dramatic cat-and-mouse game, as the group seeks to stay under the radar until a fatal misstep leads to the capture and the firing-squad execution of one of their team. But is everything as it seems, or is this one more elaborate act of spycraft?

NAMED ONE OF THE BEST BOOKS OF THE YEAR BY The New York Times Book Review • The Washington Post • Entertainment Weekly • The Seattle Times • St. Louis Post-Dispatch • Bloomberg Businessweek In this magnificent biography, the Pulitzer Prize–winning author of *American Lion* and *Franklin and Winston* brings vividly to life an extraordinary man and his remarkable times. Thomas Jefferson: *The Art of Power* gives us Jefferson the politician and president, a great and complex human being forever engaged in the wars of his era. Philosophers think; politicians maneuver. Jefferson’s genius was that he was both and could do both, often simultaneously. Such is the art of power. Thomas Jefferson hated confrontation, and yet his understanding of power and of human nature enabled him to move men and to marshal ideas, to learn from his mistakes, and to prevail. Passionate about many things—women, his family, books, science, architecture, gardens, friends, Monticello, and Paris—Jefferson loved America most, and he strove over and over again, despite fierce opposition, to realize his vision: the creation, survival, and success of popular government in America. Jon Meacham lets us see Jefferson’s world as Jefferson himself saw it, and to appreciate how Jefferson found the means to endure and win in the face of rife partisan division, economic uncertainty, and external threat. Drawing on archives in the United States, England, and France, as well as unpublished Jefferson presidential papers, Meacham presents Jefferson as the most successful political leader of the early republic, and

Read Book J Meacham Guided Reading

perhaps in all of American history. The father of the ideal of individual liberty, of the Louisiana Purchase, of the Lewis and Clark expedition, and of the settling of the West, Jefferson recognized that the genius of humanity—and the genius of the new nation—lay in the possibility of progress, of discovering the undiscovered and seeking the unknown. From the writing of the Declaration of Independence to elegant dinners in Paris and in the President’s House; from political maneuverings in the boardinghouses and legislative halls of Philadelphia and New York to the infant capital on the Potomac; from his complicated life at Monticello, his breathtaking house and plantation in Virginia, to the creation of the University of Virginia, Jefferson was central to the age. Here too is the personal Jefferson, a man of appetite, sensuality, and passion. The Jefferson story resonates today not least because he led his nation through ferocious partisanship and cultural warfare amid economic change and external threats, and also because he embodies an eternal drama, the struggle of the leadership of a nation to achieve greatness in a difficult and confounding world. Praise for Thomas Jefferson: The Art of Power “This is probably the best single-volume biography of Jefferson ever written.”—Gordon S. Wood “A big, grand, absorbing exploration of not just Jefferson and his role in history but also Jefferson the man, humanized as never before.”—Entertainment Weekly “[Meacham] captures who Jefferson was, not just as a statesman but as a man. . . . By the end of the book . . . the reader is likely to feel as if he is losing a dear friend. . . . [An] absorbing tale.”—The Christian Science Monitor “This terrific book allows us to see the political genius of Thomas Jefferson better than we have ever seen it before. In these endlessly fascinating pages, Jefferson emerges with such vitality that it seems as if he might still be alive today.”—Doris Kearns Goodwin
