Jack Kerouac Archives - The Allen Ginsberg Project

In the early 1940s, Allen Ginsberg is an English major at Columbia University, only to learn more than he bargained for. Dissatisfied by the orthodox attitudes of the school, Allen finds himself drawn to iconoclastic colleagues like Lucien Carr, William S. Burroughs and Jack Kerouac.

Kill Your Darlings (2013) - IMDb

Ginsberg introduced everyone to Jack Kerouac, and they became the core of the group of writers known as the Beats. Ginsberg was the second to the last to read, and he started at about 11 p.m. He was 29 years old, and he had never participated in a poetry reading before. He started off in a quiet voice.

Allen Ginsberg's Howl: "Jack Kerouac chanted 'Go, go, go ...

a founder of the beat generation
Arriving in New York City in 1944 to study at Columbia University, young Allen Ginsberg formed a close friendship with then-unknowns Jack Kerouac, Jack ' s friend Neal Cassidy and two legendary Times Square junkie outlaws, wise from their time on the streets, William S Burroughs and Herbert Huncke.

Allen Ginsberg

"[An] essential Beat masterpiece." --The Village Voice. Perhaps one of the last great dual correspondences of the twentieth century, Jack Kerouac and Allen Ginsberg: The Letters reveals not only the process of creation of the two most celebrated members of the Beat Generation, but also the unfolding of a remarkable friendship of immense pathos and spiritual depth. Through this exhilarating exchange of letters, two-thirds of which have never been published before, Kerouac and Ginsberg emerge first and foremost as writers of artistic passion, innovation, and genius. Vivid and enthralling, the letters, which date from their first meeting in 1944 to Kerouac's untimely death in 1969, chronicle the endless struggle, anguish, and sacrifice involved in giving form to their literary visions.

The first collection of letters between the two leading figures of the Beat movement
Writers and cultural icons Jack Kerouac and Allen Ginsberg are the most celebrated names of the Beat Generation, linked together not only by their shared artistic sensibility but also by a deep and abiding friendship, one that colored their lives and greatly influenced their writing.
Editors Bill Morgan and David Stanford shed new light on this intimate and influential friendship in this fascinating exchange of letters between Kerouac and Ginsberg, two thirds of which have never been published before.
Commencing in 1944 while Ginsberg was a student at Columbia University and continuing until shortly before Kerouac's death in 1969, the two hundred letters included in this book provide astonishing insight into their lives and their writing. While not always in agreement, Ginsberg and Kerouac inspired each other spiritually and creatively, and their letters became a vital workshop for their art. Vivid, engaging, and enthralling, Jack Kerouac and Allen Ginsberg: The Letters provides an unparalleled portrait of the two men who led the cultural and artistic movement that defined their generation.

2014 ACKER AWARD WINNER
Anyone who cares to understand the literary and cultural ferment of America in the later twentieth century must be familiar with the writings and lives of those scruffy bohemians known as the Beat Generation. In this highly entertaining work, Bill Morgan, the country ' s leading authority on the movement and a man who personally knew most of the Beats, narrates the history of these writers as primarily a social group of friends, tracing their origins together during the World War II years to the full blossoming of their notoriety in the late 1950s to their profound influence on the social upheaval of the 1960s. Indeed, it is impossible to comprehend the sixties without first grasping the importance of the social ripples set in motion by the Beats a decade earlier. Although their prose and poetry varied in style and for the most part did not represent a genuine literary movement, the Beats, through their words and nonconformist lives, collectively posed a challenge to the staid and complacent America of the postwar years. They believed in free expression, opposing all censorship; they dabbled in free love; they practiced Eastern philosophy, leading to an embrace in America of alternative forms of spirituality; sooner than others, they watched with dismay the increasingly heavy hand of military and corporate culture in our national life; they embraced the aspirations, as well as the lingo, of urbanized black Americans. They believed in the liberating influence of hallucinogenic drugs. In short, the Beats were thoroughly American in their love of individual freedom. Perhaps it should come as no surprise that J. Edgar Hoover described them in 1960 as one of the three greatest threats to American security (after communism and intellectual "eggheads"). The story that Bill Morgan tells has less to do with sociology than with social mingling. He traces the closely knit friendships of the Beat luminaries Allen Ginsberg, Jack Kerouac, William S. Burroughs, and the small army of other names. Although Kerouac, author of the much loved novel On the Road, was the most famous of the Beat writers, it was Ginsberg, Morgan contends, who resided at the center of the group and for more than two decades provided it with cohesion and a sense of direction. The Beats were not saints. They were sexually irresponsible, undependable in marriage (the movement could in fact fairly be described as misogynistic); they did too many drugs and consumed too much booze; the very quality that characterized their lives and writings—a fervent belief in spontaneity—destroyed some friendships. Indeed, Morgan ' s story begins with a murder in New York ' s Riverside Park in 1944. Bill Morgan has provided a sweeping, indispensable story about these discontented free spirits. We watch their peripatetic lives, their sexual misadventures, their ambivalent response to fame. We are reminded above all that while their personal lives may have not have been holy, their typewriters and their lasting words very much were.

Before the world knew Kerouac, Ginsberg, and Cassidy, this " brilliant and important " novel chronicled the author ' s early years among the Beats (Los Angeles Free Press). Published five years before On the Road, this candid and perceptive roman à clef chronicles the adventures of Jack Kerouac, Allen Ginsberg, and Neal Cassidy before they became literary icons. In dive bars and all-night diners, cabs racing across Manhattan and squalid apartments sticky with " tea " smoke, these would-be artists pursue the ecstatic experiences that shape their work and satisfy their restless desire to live beyond the limits of convention. At the heart of Go is Paul Hobbes, the alter ego of John Clellon Holmes. An aspiring novelist who shares the same creative interests as his friends, Paul frequently participates in their reckless, self-indulgent behavior. Yet his innate solemnness makes him an outsider, as does his commitment to his marriage. As Paul seeks to strike the right balance between experimentation and orthodoxy, freedom and obligation, he casts a discerning eye on his peers. The result is a thrilling and indispensable portrait of the Beat movement before it took America by storm.

First published in 1956, Allen Ginsberg's Howl is a prophetic masterpiece—an epic raging against dehumanizing society that overcame censorship trials and obscenity charges to become one of the most widely read poems of the century. This annotated version of Ginsberg's classic is the poet's own re-creation of the revolutionary work's composition process—as well as a treasure trove of anecdotes, an intimate look at the poet's writing techniques, and a veritable social history of the 1950s.

One of the central relationships in the Beat scene was the long – lasting friendship of Allen Ginsberg and Gary Snyder. Ginsberg introduced Snyder to the East Coast Beat writers, including Jack Kerouac, while Snyder himself became the model for the serious poet that Ginsberg so wanted to become. Snyder encouraged Ginsberg to explore the beauty of the West Coast and, even more lastingly, introduced Ginsberg to Buddhism, the subject of so many long letter exchanges between them. Beginning in 1956 and continuing through 1991, the two men exchanged more than 850 letters. Bill Morgan, Ginsberg's biographer and an important editor of his papers, has selected the most significant correspondence from this long friendship. The letters themselves paint the biographical and poetic portraits of two of America's most important—and most fascinating—poets. Robert Hass' insightful introduction discusses the lives of these two major poets and their enriching and moving relationship.

In 1977, twenty years after the publication of his landmark poem 'Howl' and Jack Kerouac's On the Road, Allen Ginsberg decided it was time to teach a course on the literary history of the Beat Generation. In The Best Minds of My Generation - a compilation of lectures from the course, expertly edited by renowned Beats scholar, Bill Morgan - Ginsberg gives us the convoluted origin story of the 'Beat' idea. Amongst anecdotes of meeting Kerouac, Burroughs and other figures for the first time, Ginsberg elucidates the importance of music, and particularly jazz rhythms, to Beat writing, discusses their many influences - literary, pharmaceutical and spiritual - and paints a portrait of a group who were leading a literary revolution. A unique document that works both as historical record and unconventional memoir, The Best Minds of My Generation is a vivid, personal and eye-opening look at one of the most important literary movements of the twentieth century.

Allen Ginsberg

"What I'm beginning to discover now is something beyond the novel and beyond the arbitrary confines of the story. . . . I'm making myself seek to find the wild form, that can grow with my wild heart . . . because now I know MY HEART DOES GROW." —Jack Kerouac, in a letter to John Clellon Holmes
Written in 1951-52, Visions of Cody was an underground legend by the time it was finally published in 1972. Writing in a radical, experimental form ("the New Journalism fifteen years early," as Dennis McNally noted in Desolate Angel), Kerouac created the ultimate account of his voyages with Neal Cassidy during the late forties, which he captured in different form in On the Road. Here are the members of the Beat Generatoin as they were in the years before any label had been affixed to them. Here is the postwar America that Kerouac knew so well and celebrated so magnificently. His ecstatic sense of superabundant reality is informed by the knowledge of mortality."
"I'm writing this book because we're all going to die. . . . My heart broke in the general despair and opened up inward to the Lord, I made a supplication in this dream."
"The most sincere and holy writing I know of our age." —Allen Ginsberg

The celebrated American poet Allen Ginsberg (1926-1997) began photographing in the late 1940s when he purchased a small, second-hand Kodak camera. For the next fifteen years he made intimate and often exuberant portraits of himself, his friends, and lovers, including the writers and poets Jack Kerouac, William Burroughs, and Gregory Corso as well as Beat personality Neal Cassidy. He abandoned photography in 1963 and took it up again in the 1980s, when he was encouraged by photographers Berenice Abbott and Robert Frank to reprint his earlier work and make new portraits; these included more images of long-time friends as well as other acquaintances such as painters Larry Rivers and Francesco Clemente and musician Bob Dylan. Ginsberg's photographs form a compelling portrait of the Beat and counterculture generation from the 1950s to the 1990s, tracing their arch from youthful men to aging, often spent, figures. Far more historical documents, his photographs and the extensive inscriptions he added to them years later preserve what he referred to as "the sacredness of the moment", the often joyous communion of friends and the poignancy of looking back to intensely felt times. More than seventy prints, including a few "drugstore" prints made in the early 1950s, are brilliantly reproduced in this book, accompanied by Sarah Greenough's essay on Ginsberg's photography in relation to his poetry and other photographers of the time, a chronology of his photographic activity, and selections from interviews with Ginsberg between 1958 and 1996.
AUTHOR: Sarah Greenough is senior curator and head of the department of photographs at the National Gallery of Art. She is the author of Looking In: Robert Frank's 'The Americans' and numerous other publications on photography.
SELLING POINTS: \* Now available in paperback, this intimate "family album" is a revealing photographic look at the Beat Generation as chronicled by the movement's great poet, Allen Ginsberg.
