Gitman's Brief Third Edition approaches introductory finance with a focused concentration on the fundamental concepts, techniques, and practices of managerial finance. Integrating pedagogy with the concepts and practical applications necessary for a solid understanding of managerial finance, this edition equips instructors and students to concentrate on the concepts, techniques, and practices for keen financial decision making in an increasingly competitive business environment.

For Introduction to Managerial Finance courses. Guide students through complex material with a proven learning goal system. This system — a hallmark feature of Principles of Managerial Finance, Brief—weaves pedagogy into concepts and practice, giving students a roadmap to follow through the text and supplementary tools. MyFinanceLab for Principles of Managerial Finance: Brief, Seventh Edition creates learning experiences that are truly personalized and continuously adaptive. MyFinanceLab reacts to how students are actually performing, offering data-driven guidance that helps them better absorb course material and understand difficult concepts — resulting in better performance in the course. A dynamic set of tools for gauging individual and class progress means educators can spend less time grading and more time teaching. This program will provide a better teaching and learning experience—for you and your students. Here's how: Improve Results with MyFinanceLab: MyFinanceLab delivers proven results in helping students succeed and provides engaging experiences that personalize learning. Guide Students with a Proven Learning Goal System: Integrating pedagogy with concepts and practical applications, this system presents the material students need to make effective financial decisions in a competitive business environment. Provide Real, Hands-on Examples and Connections: Personal finance connections, international considerations, and Excel® spreadsheet practice help students identify and apply concepts in their daily lives. Please note that the product you are purchasing does not include MyFinanceLab. MyFinanceLab Join over 11 million students benefiting from Pearson MyLabs. This title can be supported by MyFinanceLab, an online homework and tutorial system designed to test and build your understanding. Would you like to use the power of MyFinanceLab to accelerate your learning? You need both an access card and a course ID to access MyFinanceLab. These are the steps you need to take: 1. Make sure that your lecturer is already using the system Ask your lecturer before purchasing a MyLab product as you will need a course ID from them before you can gain access to the system. 2. Check whether an access card has been included with the book at a reduced cost If it has, it will be on the inside back cover of the book. 3. If you have a course ID but no access code, you can benefit from MyFinanceLab at a reduced price by purchasing a pack containing a copy of the book and an access code for MyFinanceLab (ISBN:9781292060385) 4. If your lecturer is using the MyLab and you would like to purchase the product... Go to www.myfinancelab.com to buy access to this interactive study programme. Knowing what to do with your money is more important than ever. Billingsley/Gitman/Joehnk's market-leading PERSONAL FINANCIAL PLANNING, 14E, provides the tools, techniques, and understanding you need to define and achieve your financial goals. You will find the numerous practical examples, illustrations, and reliance on common sense that is engaging and refreshingly concrete. Features such as You Can Do It Now, the Financial Impact of Personal Choices, Financial Fact or Fantasy, Financial Planning Tips, Financial Road Signs, and Behavior Matters keep the material relevant and vital to facing a life time of important personal financial decisions. The 14th edition is packed with information relevant to you--for example, changing spending habits for the better, knowing the right questions to ask a financial adviser, using tips on budgeting and planning for retirement, knowing what to look for when choosing a bank, knowing whether to buy or lease a car, knowing what's important when buying your first home, and choosing the right credit card. All-new features teach you to use today's critical financial tools and technology, including financial planning software. CFP practice questions provide valuable practice. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

For undergraduate courses in Investments. The core concepts and tools readers need to make informed investment decisions Fundamentals of Investing helps individuals make informed investment decisions by providing a solid foundation of core concepts and tools. Smart, Gitman, and Joehnk use practical, hands-on applications to introduce the topics and techniques used by both personal investors and money managers. The authors integrate a consistent framework based on learning goals to keep readers focused in each chapter. Readers leave with the necessary information for developing, implementing, and monitoring a successful investment program. The 13th Edition uses a conversational tone to make the foreign language, concepts, and strategies of investing accessible to readers. With the help of examples throughout, readers learn to make informed decisions in order to achieve investment goals. The book focuses on both individual securities and portfolios, teaching readers to consider the risk and return of different types of investments and how to use this knowledge to develop, implement, and monitor goals. Also available with MyLab Finance MyLab™ Finance is an online homework, tutorial, and assessment program designed to work with this text to engage students and improve results. Within its structured environment, students practice what they learn, test their understanding, and pursue a personalized study plan that helps them better absorb course material and understand difficult concepts. Fundamentals of Investing, 13th Edition is also available via Revel™, an interactive learning environment that enables students to read, practice, and study in one continuous experience. Learn more.
