With the growing business industry there is a large demand for greater speed and quality, for projects of all natures in both small and large businesses.

Lean Six Sigma is the result of the combination of the two best-known improvement methods:

Download Free Lean Six Sigma

Six Sigma (making work better, of higher quality) and Lean (making work faster, more efficient). Lean Six Sigma For Dummies outlines the key concepts in plain English, and shows you how to use the right tools, in the right place, and in the right way, not just in improvement and design projects, but also

Leader, Lean Six Sigma,
Ecolab "This book gives

excellent insights into

Lean Six Sigma and its
strong impact within

different industries. We
used Lean Six Sigma in

numerous process
improvement projects,
