Literary Impressionism and Modernist Aesthetics (review)

Synopsis. Matz examines the writing of such modernists as James, Conrad and Woolf, who used the word "impression" to describe what they wanted their fiction to present. Matz argues that these writers did not favor immediate subjective sense, but rather a mode that would mediate perceptual distinctions. Just as impressions fall somewhere between thought and sense, impressionist fiction occupies the middle ground between opposite ways of engaging with the world.

impressionism first gave way to the new aesthetic and the transition to what is today called modernism. The reason for impressionism's fall from critical grace lies in a founding myth of modernism as the moment of post-impressionism; specifically, if we follow Virginia Woolf's doubtless ironic allusion

IMPRESSIONISM, POST-IMPRESSIONISM AND MODERNISM IN THE NOVEL

The literary modes of modernism can be seen as an aesthetic response to the same anxiety which backed the philosophic worldview of the time. Here it will be useful to see this philosophic worldview closely. It is curious that a scientist should stand among the philosophers who catalyzed the spiritual shift of the industrial age.

This 2001 study addresses the problems of perception and representation that occupied modernist writers such as James, Conrad and Woolf.

Modernist Time Ecology is a deeply interdisciplinary book that changes what we think literature and the arts can do for the world at large.

Impressionism captured the world's imagination in the late nineteenth century and remains with us today. Portraying the dynamic effects of modernity, impressionist artists revolutionized the arts and the wider culture. Impressionism transformed the very pattern of reality, introducing new ways to look at and think about the world and our experience of it. Its legacy has been felt in many major contributions to popular and high culture, from cubism and early cinema to the works of Zadie Smith and W. G. Sebald, from advertisements for Pepsi to the observations of Oliver Sacks and Malcolm Gladwell. Yet impressionism's persistence has also been a problem, a matter of inauthenticity, superficiality, and complicity in what is merely "impressionistic" about culture today. Jesse Matz considers these two legacies—the positive and the negative—to explain impressionism's true contemporary significance. As Lasting Impressions moves through contemporary literature, painting, and popular culture, Matz explains how the perceptual role, cultural effects, and social implications of impressionism continue to generate meaning and foster new forms of creativity, understanding, and public engagement.

This book introduces readers to the history of the novel in the twentieth century and demonstrates its ongoing relevance as a literary form. A jargon-free introduction to the whole history of the novel in the twentieth century. Examines the main strands of twentieth-century fiction, including post-war, post-imperial and multicultural fiction, the global novel, the digital novel and the post-realist novel. Offers students ideas about how to read the modern novel, how to enjoy its strange experiments, and how to assess its value, as well as suggesting ways to understand and appreciate the more difficult forms of modern fiction Pays attention both to the practice of novel writing and to theoretical debates among novelists. Claims that the novel is as purposeful and relevant today as it was a hundred years ago. Serves as an excellent springboard for classroom discussions of the nature and purpose of modern fiction.

Jane Goldman offers a revisionary, feminist reading of Woolf's work. Focusing on Woolf's engagement with the artistic theories of her time, Goldman analyzes Woolf's fascination with the Post-Impressionist exhibition of 1920 and the solar eclipse of 1927 by linking her response to a much wider literary and cultural context. Illustrated with color pictures, this book will appeal not only to scholars working on Woolf, but also to students of modernism, art history, and women's studies.

A Sense of Shock examines the various, complex relations between impressionist texts and contexts in modern British and Irish works by Bowen, Conrad, Ford, James, Wilde, Woolf, and others, to argue that literary impressionism was an emphatically historical phenomenon.

With its new innovations in the visual arts, cinema and photography as well as the sciences of memory and perception, the early twentieth century saw a crisis in the relationship between what was seen and what was known. Literary Impressionism charts that modernist crisis of vision and the way that literary impressionists such as Dorothy Richardson, Ford Madox Ford, H.D., and May Sinclair used new concepts of memory in order to bridge the gap between perception and representation. Exploring the fiction of these four major writers as well as their journalism, manifesto writings, letters and diaries from the archives, Rebecca Bowler charts the progression of modernism's literary aesthetics and the changing role of memory within it.

The essays in Modernism and Colonialism offer revisionary accounts of major British and Irish literary modernists relation to colonialism.

At the height of belle époque Europe, an American couple—the narrator John Dowell and his wife Florence—and a British couple—Leonora and the titular "good soldier" Edward Ashburnham—meet and become firm friends. Travelling and socialising together, it's a full nine years before the cracks start to show, but when they do the whole edifice starts tumbling to reveal the secrecy and lies concealed within. The Good Soldier is a classic example of the unreliable narrator genre. With a charitable view, everything John Dowell retells is plausible, but it doesn't take much critical thinking to reframe the story's events as something entirely more sinister. The novel is now frequently ranked by critics as one of the great pieces of twentieth-century literature. Ford Madox Ford, already published many times over by this novel's release, and along with collaborations with both Joseph Connad and Ernest Hemingway, went on to create and edit the influential literature journals The English Review and The Transatlantic Review. This book is part of the Standard Ebooks project, which produces free public domain ebooks.

Modernist Fiction and Vagueness marries the artistic and philosophical versions of vagueness, linking the development of literary modernism to changes in philosophy. This book argues that the problem of vagueness - language's unavoidable imprecision - led to transformations in both fiction and philosophy in the early twentieth century. Both twentieth-century philosophers and their literary counterparts (including James, Eliot, Woolf, and Joyce) were fascinated by the vagueness of words and the dream of creating a perfectly precise language. Building on recent interest in the connections between analytic philosophy, pragmatism, and modern literature, Modernist Fiction and Vagueness demonstrates that vagueness should be read not as an artistic problem but as a defining quality of modernist fiction.
