can be applied to a variety of therapy modalities and patient populations. Sweezy and Ziskind ' s newest volume, *Innovations and Elaborations in Internal Family Systems Therapy*, is the natural follow-up to that text. Here Richard Schwartz and other master IFS clinicians illustrate how they work with a wide variety of problems: racism, perpetrator parts, trauma, addiction, eating disorders, parenting, and grief. The authors also show creative ways of putting into practice basic IFS techniques that help parts to unblend and to unburden both personal and legacy burdens.
