2007 Lotus Exige — There's something very special about Lotus. I think it's because the cars still have the same spirit originally created by Colin Chapman. The exige is not the fastest car that I have driven, but the fun factor is second to none. It feels like you're driving a race car on the road!

Franklin, Jack, Marla, Thadius, and Caitlin... this unlikely group of assorted misfits are the Cemeterians, a group that will take on any job - no, really, we mean any bloody job (money's a bit tight right now)! Trudge through disgusting sewers to battle manatee-massacring mermaids

and soggy cultists, creep through creepy, fog-littered cemeteries straight out of an ancient Hammer Film soundstage, confront undead lecherous lodgers and other assorted beasties, creepies, and ghoulies. It all comes down to whether an adolescent giant Automaton, a truly mad, Mad Scientist, a surly Necromancer, a Banshee's granddaughter, and a reluctant furry monster straight from under your little sister's bed can manage not to kill each other - or, at least, quit fighting over the tele-privilege-schedule long enough to get the job done! Not likely.

Every fascinating stage of the evolution of the stunning new Lotus Evora is explored in this fully comprehensive book, LOTUS EVORA - SUBLIME SUPERCAR. From its conception, through development, prototype testing, certification, production and on to the marketing of the car, every part of this captivating story is covered in depth. Produced with the full co-operation of Lotus Cars, who once again gave Coterie Press exclusive access to their photo archives as well as their employees, this book contains the reminiscences of virtually everyone involved

in the concept, design and development of the Evora. Author Johnny Tipler was the only journalist invited to see and drive the Evora before it was launched to the press and public. With unprecedented access and surprising candor, he is able to describe in detail all of the development stages, through to the construction of the first production examples, culminating in the car's press debut in Scotland. His close involvement with Lotus, and their obvious enthusiasm for the Evora project, is reflected by the openness of all involved who tell him the full story behind this stunning new car.

Here is a fact and picture-packed book dedicated solely to the Giulia GT in all its forms including the fabulous lightweight GTA racer. Now an updated, large format third edition which includes over 100 new images and which is limited to 1500 copies.

The three years that Ayrton Senna drove for Team Lotus, 1985-87, was one of the headiest periods in the history of motor racing. Not only were titanic battles raging between the four leading teams - McLaren, Williams, Ferrari and Lotus - in the second phase of the mega-powerful turbo era, rivalry between the top Formula 1 drivers, on-and off-track, was wound up to fever pitch. Behind the scenes, intrigues fermented between team personnel, sponsors and component suppliers. Johnny Tipler interviewed many of the people involved in F1 at the time and with Team Lotus in particular, and without exception they were keen to discuss Senna's tenure of the prime seat at the Norfolk team, where the young Brazilian was warmly regarded and his talents held in high esteem. The book draws on this wide variety of first-hand sources to describe the atmosphere and politics within the organization, as well as examining the cars Senna and his three successive team-mates, de Angelis, Dumfries and Nakajima drove, from Types 97T to 99T, with reference to their technical evolution. The chronological theme includes chapters detailing Team Lotus's performance in each Grand Prix, interspersed with chapters penetrating the underlying themes - mechanical and political, including the mood at Ketteringham Hall in the season prior to Senna's arrival when Mansell was at loggerheads with team manager Peter Warr. The book pulls no punches in its final summation of the effect that Senna had on the once glorious Norfolk squad. Although the time that Senna spent at Lotus marked the team's final flowering as a Grand Prix winning outfit, it has been largely overlooked. Given better reliability, he could easily have become World Champion with Lotus and Johnny Tipler's detailed investigation redresses the balance, providing a comprehensive record of this short but fascinating era. It brings to light the state of affairs within Team Lotus during the post-Chapman period, and more fundamentally it demonstrates the level of excitement and commitment that Senna aroused. For a grief-wracked team following the death of its founder, Senna's transitory reign was its heroic last stand.
