As seen on The Today Show! The Friends We Keep is the heartwarming and unforgettable New York Times bestselling novel from Jane Green, author of The Sunshine Sisters and The Beach House. Evvie, Maggie, and Topher have known one another since college. Their friendship was something they swore would last forever. Now years have passed, the friends have drifted apart, and they never found the lives they wanted--the lives they dreamed of when they were young and everything seemed possible. Evvie starved herself to become a supermodel but derailed her career by sleeping with a married man. Maggie married Ben, the boy she fell in love with in college, never imagining the heartbreak his drinking would cause. Topher became a successful actor, but the shame of a childhood secret shut him off from real intimacy. By their thirtieth reunion, these old friends have lost touch with one another and with the people they dreamed of becoming. Together again, they have a second chance at happiness...until a dark secret is revealed that changes everything. The Friends We Keep is about how despite disappointments we've had or mistakes we've made, it's never too late to find a place to call home.

she actually like me? If you've ever wondered, as she sits on your head at 4am, what on earth is going on beyond your cat's inscrutable gaze, this ebook has the answers. Drawing on extensive animal behavior psychology and the latest research, it reveals what's really behind those things cats do--whether they're amusing, irritating, or just downright bizarre. Cats may not telegraph their emotions (unlike the dogs they look down on), but they do show their feelings, often quite subtly, in the way they relate to you, other animals, and their home environment. With gorgeous and accurate illustrations across a range of breeds, this ebook helps you read and interpret your cat's body language and behaviors, so you'll know when she's confident and contented, and when she's telling you that something's not right. Advanced Catwatching features put the spotlight on key behaviors such as sofa scratching, while Strategic Survival Guides offer five top tips for successfully managing challenges such as moving to a new house, or introducing a new cat into the family. What's My Cat Thinking? will deepen your understanding of your cat's needs and wants and strengthen the unique connection between you. So when she gives you that 4am wake-up call, at least you'll know why.

Skulls and Siamese. Corpse paint and Persians. Baphomet, pentagrams, blood, and tabbies! Metal Cats combines two amazing subjects: the extreme personalities of the hardcore metal music scene and their adorable kitties. These incredibly cute and fluffy felines have been photographed with their loving owners in and around the dark abodes of musicians, fans, and promoters of metal including members of the bands Black Goat, Thrones, Isis, Lightning Swords of Death, Book of Black Earth, Skarp, Harassor, Akimbo, Aldebaran, Atriarch, Oak, Ghoul, Ludicra, Holy Grail, Xasthur, Cattle Decapitation, Murder Construct, Exhumed, Morbid Angel, Municipal Waste, Skeletonwitch, Gypsyhawk, Nausea, Phobia, and Napalm Death. Metal isn't all dark and disturbing, violent and misanthropic. Metal Cats is proof that while the music may be brutal, the people in the scene are softies for their pets just like you and me... A portion of the proceeds from this book and a series of benefit shows held along the West Coast will go towards one no-kill shelter in each of the four main cities visited.
