This book focuses on the life, adventures, tragedies and the plight of one teenager growing up in Beverly Hills during the early 70's drug atmosphere and lifestyle. Book 1, is about one teenager's courage and willpower to overcome enormous obstacles in her life, amongst a death sentence from the fledgling Neurological profession in that era. The book also takes a look at the young psychiatric system and it's neophyte facilities; it also explains the archaic use of these facilities available at that time. Life in Beverly Hills during the 60's and 70's could truly be called "surviving" Beverly Hills. Regardless of money or power during the era of freedom, "rock and roll", sex and the "hippy" mentality still affects generation's to this day. Even saying that you grew up in Beverly Hills still carries a heavy stigma today.

This book traces the musical and cultural achievements of this contemporary musical phenomenon to its origin in the Romantic revolution of the 1790s in England when traditional concepts of literature, politics, education and social relationships were challenged as they were in the 1960's.

Explores the visionary, mystical, and ecstatic traditions that influenced the music of the 1960s • Examines the visionary, spiritual, and mystical influences on the Grateful Dead, the Beatles, the Rolling Stones, Bob Dylan, Van Morrison, the Incredible String Band, the Left Banke, Lou Reed and the Velvet Underground, and others • Shows how the British Invasion acted as the "detonator" to explode visionary music into the mainstream • Explains how 1960s rock and roll music transformed consciousness on both the individual and collective levels The 1960s were a time of huge transformation, sustained and amplified by the music of that era: Rock and Roll. During the 19th and 20th centuries visionary and esoteric spiritual traditions influenced first literature, then film. In the 1960s they entered the realm of popular music, catalyzing the ecstatic experiences that empowered a generation. Exploring how 1960s rock and roll music became a school of visionary art, Christopher Hill shows how music raised consciousness on both the individual and collective levels to bring about a transformation of the planet. The author traces how rock and roll rose from the sacred music of the African Diaspora, harnessing its ecstatic power for evoking spiritual experiences through music. He shows how the British Invasion, beginning with the Beatles in the early 1960s, acted as the "detonator" to explode visionary music into the mainstream. He explains how 60s rock and roll made a direct appeal to the imaginations of young people, giving them a larger set of reference points around which to understand life. Exploring the sources 1960s musicians drew upon to evoke the initiatory experience, he reveals the influence of European folk traditions, medieval Troubadours, and a lost American history of ecstatic politics and shows how a revival of the ancient use of psychedelic substances was the strongest agent of change, causing the ecstatic, mythic, and sacred to enter the consciousness of a generation. The author examines the mythic narratives that underscored the work of the Grateful Dead, the French symbolist poets who inspired Bob Dylan, the hallucinatory England of the Beatles' Sgt. Pepper, the tale of the Rolling Stones and the Lord of Misrule, Van Morrison's astral journeys, and the dark mysticism of Lou Reed and the Velvet Underground. Evoking the visionary and apocalyptic atmosphere in which the music of the 1960s was received, the author helps each of us to better understand this transformative era and its mystical roots.

Logan can hear his friend Jim in the parking lot, fighting the officers like he fights everybody, every day. The shouting rips apart the peace of the night. Once Logan steps across the threshold of the motel room-and sees a trail of crimson footprints-he knows that his life is out of control. None of this day seems real. It must be a dream, he decides-a nightmare. This cannot be happening to him. Not to Logan Kossowicz, the violinist, the boy with a future, who was supposed to be heading to Julliard on a full scholarship. After years of waiting, he was finally going to leave Danville behind and begin his meteoric rise as a soloist. Now, handcuffs dangle from his thin wrists, flopping with each step. Terrified, he wonders what will happen next. Ever since he was six years old, he has dreamed of becoming a renowned virtuoso, commanding stages throughout the world, astounding every audience. His father was counting on it. Forced into the back of a patrol car, Logan slumps as he realizes that dreams cannot begin here. This is where dreams end. This is where hope ends. Everything changes tonight.

Formed in London in 1976 by Joe Strummer, Mick Jones, and Paul Simonon and the outset of that city's punk rock boom, The Clash went on to outlast their peers and create some of the most influential albums in rock 'n' roll—not just punk—even breaching the mainstream in 1982 and earning the title "The Only Band That Matters" along the way. In their eight-year career, The Clash offered six CBS Records studio releases, including one double and one triple LP, and increasingly melded influences ranging from rockability to ska, reggae, and even hip-hop into their sound. Veteran music journalist Martin Popoff dissects each of the 103 tracks, including the circumstances that led to their creation, the recording processes, the historical contexts, and more. In addition, an introductory essay sets the scene for each album, while sidebar features explore influences on the band, album art, non-LP singles, the band's staunch political stance, and song details, such as running time, instruments played, engineers, and studios.

Dominic was staring at me like he couldn't decide whether to chop me into pieces or pull my hair and French kiss me. Dominic I got her fired. Okay, so I'd had a bad day and took it out on a bystander in a pizza shop. But there's nothing innocent about Ally Morales. She proves that the first day at her new job... in my office... after being hired by my mother. So maybe her colorful, annoying, inexplicably alluring personality brightens up the magazine's offices that have felt like a prison for the past year. Maybe I like that she argues with me in front of the editorial staff. And maybe my after-hours fantasies are haunted by those brown eyes and that sharp tongue. But that doesn't mean that I'm going to be the next Russo man to take advantage of his position. I might be a second-generation son of a... fill in the blank, but I am not my father. She's working herself to death at half a dozen dead-end jobs for some secret reason she doesn't feel like sharing with me. And I'm going to fix it all. Don't accuse me of caring. She's nothing more than a puzzle to be solved. If I can get her to quit, I can finally peck back all those layers. Then I can go back to salvaging the family name and forget all about the dancing, beer-slinging brunette. Ally Ha. Hold my beer, Grumpy Grump Face. Author's Note: A steamy, swoony workplace romantic comedy with a grumpy boss hero determined to save the day and a plucky heroine who is starting to wonder if there might actually be a beating heart beneath her boss's sexy vests.

Shortlisted for the 2016 David Gemmell Morningstar Award for Best Debut Death and destruction will bar her way. . . . Kyndra's fate holds betrayal and salvation, but the journey starts in her small village. On the day she comes of age, she accidentally disrupts an ancient ceremony, ending centuries of tradition. So when an unnatural storm targets her superstitious community, Kyndra is blamed. She fears for her life until two strangers save her, by wielding powers not seen for an age - powers fuelled by the sun and the moon. Together, they flee to the hidden citadel of Naris. And here, Kyndra experiences disturbing visions of the past, showing war and one man's terrifying response. She'll learn more in the city's subterranean chambers, amongst fanatics and rebels. But first Kyndra will be brutally tested in a bid to unlock her own magic. If she survives the ordeal, she'll discover a force greater than she could ever have imagined. But could it create as well as destroy? And can she control it, to right an ancient wrong? With George R. R. Martin's Game of Thrones now a huge TV success, fantasy fiction has never been more popular. And these books are traditional fantasy at its very best.

---

USA Today Bestseller! Debut author Sally Thorne bursts on the scene with a hilarious and sexy workplace comedy all about that thin, fine line between hate and love. Nemesis (n. 1) An opponent or rival whom a person cannot best or overcome. 2) A person's undoing 3) Joshua Templeman Lucy Hutton and Joshua Templeman hate each other. Not dislike. Not begrudgingly tolerate. Hate. And they have no problem displaying their feelings through a series of ritualistic passive aggressive maneuvers as they sit across from each other, executive assistants to co-CEOs of a publishing company. Lucy can't understand Joshua's joyless, uptight, meticulous approach to his job. Joshua is clearly baffled by Lucy's overly bright clothes, quirkiness, and Pollyanna attitude. Now up for the same promotion, their battle of wills has come to a head and Lucy refuses to back down when their latest game could cost her her dream job... But the tension between Lucy and Joshua has also reached its boiling point, and Lucy is discovering that maybe she doesn't hate Joshua. And maybe, he doesn't hate her either. Or maybe this is just another game.

Lucy Mathers was once the golden girl of Simcock & Bright. Four years later, she's a stay at home mum with two adorable children, has swapped her Loudboutsins for rabbit slippers and spends her day making crustless sandwiches and colour co-ordinated lunches instead of signing up high profile clients. When her husband is suddenly made redundant, there is panic in the Mathers' household. With a mortgage the size of the national debt and a credit card balance that's in danger of toppling, Lucy reluctantly decides she must return to work. So she digs out her old power suits from the back of the wardrobe and leaves Will to become a house husband. But sitting in Lucy's old office is Grant Cassidy, suave, handsome and ruthless and with no intention of letting Lucy walk back into the number one job. At home, despite his breezy declaration that swapping boardroom battles for toddler groups would be a doddle, Will's belief that parental issues could be solved with forward planning and a spreadsheet soon falls by the wayside. With both Will and Lucy struggling to adapt, could their previously happy marriage be developing some cracks? Reviews ... "This is definitely deserving of more than five stars. The book is fantastic and should be a must-read for everyone"@Littlemisbooks" "The engaging storylines and insightful writing were riotously comical and cleverly penned"@HonoluluBelle "Lucy Mathers Goes Back to Work is the witty wonder I had hoped it would be and so much more"@stacyisreading "Butterfield's pacey, page-turner captures perfectly the emotional turmoil and the practical difficulties many women face marrying work and families"@SueF\_Writer "This is a wonderful lighthearted, and very well written, romantic comedy novel, full of such real characters and scenarios" @emsi8zz
