In Man and Superman, Shaw applies his inversions to no smaller a target than Humankind and its most important dreams and delusions: the relations between man and woman, the purpose of life, and the structure of the hereafter. In so doing, he chides his fellow humans to reconsider the structures of the mind that delude them, and he builds a bridge, albeit shaky and tentative, between his world and theirs.

Man and Superman expounds Shaw's pointed view of humanity's sexual nature. In this play, Ann Whitefield woos her newly appointed guardian, John Tanner, and he, in spite of his anti-romantic persona, falls for her. He does not love her in the conventional sense, but falls prey to the "Life Force" that she exudes.

The comedy Man and Superman depicts a microcosm of English convention in the early 20th century. It is an adaptation of the Don Juan epic touching on the philosophy of Nietzsche's übermensch. The play's social commentary is strongly influenced by these topics, but it contains undertones that speak to a more specific topic on the implementation of social revolution.

Mr. Whitefield has recently died, and his will indicates that his daughter Ann should be left in the care of two men, Roebuck Ramsden and Jack Tanner. Ramsden, a venerable old man, distrusts John Tanner, an eloquent youth with revolutionary ideas, saying "He is prodigiously fluent of speech, restless, excitable (mark the snorting nostril and the restless blue eye, just the thirty-secondth of an inch too wide open), possibly a little mad". In spite of what Ramsden says, Ann accepts Tanner as her guardian, though Tanner doesn't want the position at all. She also challenges Tanner's revolutionary beliefs with her own ideas. Despite Tanner's professed dedication to anarchy, he is unable to disarm Ann's charm, and she ultimately persuades him to marry her, choosing him over her more persistent suitor, a young man named Octavius Robinson.

Fans of thought-provoking drama will relish George Bernard Shaw's classic take on gender roles and relations, Man and Superman. Packed with plenty of big ideas, this engaging work helped rank Bernard Shaw among the most significant and influential dramatists of his era.

Man and Superman was the first drama to be broadcast on the BBC's Third Programme on October 1st, 1946. "A comedy and a philosophy," Man and Superman is based on the Don Juan theme and, using all the elements from Mozart's Don Giovanni, Shaw reordered them so that Don Juan becomes the quarry instead of the huntsman. George Bernard Shaw was called, with good reason, the "English Nietzsche". Though Nietzsche was an aristocrat and Shaw a socialist, both cherished the dream of the superman and looked forward to the day when he would be realised. Both, however, were characterised by their mordant wit and intellectual cynicism, in which "Man and Superman" abounds. Shaw manages to compress a number of disparate themes into a relatively taut dramatic format, even throwing in a scene in which Don Juan, the Devil and a gang of anarchist brigands make an appearance. The central event of the plot involves the wealthy Tanner, a member of the "Idle Rich Class" making himself subservient to the Life Force and seeking the perfect woman to marry, who would guarantee him a very special offspring, his ideal, the superman himself. Though Shaw was not known to have read the works of Bergson at that time, nor to have been conversant with his vitalist doctrine of the Life Force, his use of the Life Force motif and the philosophical underpinnings of the play attest to a pure Bergsonism. The most delightful part, however, is the "Revolutionist's Handbook" at the end, which contains Shaw's most scandalous anti-Establishment jibes. For instance, "Do not do unto others as you would them do unto you. They might not have the same taste."

Man and Superman is a four-act drama, written by George Bernard Shaw in 1903. The series was written in response to calls for Shaw to write a play based on the Don Juan theme. Although Man and Superman can be performed as a light comedy of manners, Shaw intended the drama to be something much deeper, as suggested by the title. This title comes from Friedrich Nietzsche's philosophical ideas about the "Übermensch" ("Superman"). The plot centres on John Tanner, author of "The Revolutionist's Handbook and Pocket Companion". Tanner is a confirmed bachelor despite the pursuits of Ann Whitefield and her persistent efforts to entice him to marry her. Ann is referred to as "the Life Force" and represents Shaw's view that in every culture, it is the women who force the men to marry them rather than the men who take the initiative.

Superman is the original superhero, an American icon, and arguably the most famous character in the world--and he's Jewish! Introduced in June 1938, the Man of Steel was created by two Jewish teens, Jerry Siegel, the son of immigrants from Eastern Europe, and Joe Shuster, an immigrant. They based their hero's origin story on Moses, his strength on Samson, his mission on the golem, and his nebbish secret identity on themselves. They made him a refugee fleeing catastrophe on the eve of World War II and sent him to tear Nazi tanks apart nearly two years before the US joined the war. In the following decades, Superman's mostly Jewish writers, artists, and editors continued to borrow Jewish motifs for their stories, basing Krypton's past on Genesis and Exodus, its society on Jewish culture, the trial of Lex Luthor on Adolf Eichmann's, and a future holiday celebrating Superman on Passover. A fascinating journey through comic book lore, American history, and Jewish tradition, this book examines the entirety of Superman's career from 1938 to date, and is sure to give readers a newfound appreciation for the Mensch of Steel!
