For A Man on Fire (the book), it is quixotic because the events really occur in Italy, and not Mexico. Creasy is ex-Marine, ex-Legionnaire, ex-mercenary, and now ex-bodyguard. His first and only bodyguard assignment ends in the grisly death of his young charge.

And the story explodes in a phenomenal tale of training and preparation, vengeance and execution as, armed with a formidable weaponry, Creasy wages a personal war on a powerful and evil enemy." -- From back cover.

For years, top executives at banks and insurance companies have swindled America. It's payback time. Rob Prentiss is a forensic interrogator for the CIA. For almost a decade he has observed suspects to assess whether they are telling the truth -- and he's good at his job. But when he is assigned to investigate a potential terror threat to a nuclear power plant, he has major concerns. Until now he has only worked in conference rooms and offices. Why have his superiors chosen somebody with no experience in the field for this potentially dangerous mission? Prentiss crosses paths with another agent on the case: Kay Alden, a Marine who has commanded clandestine seek-and-destroy operations in countries known to support terrorist training camps. With her specialized military background and lethal skills, she is used to working alone, but finds herself appreciating the genuine human contact Prentiss provides. Together they intelligently, persistently, methodically pursue justice. As their investigation deepens, they realize that the people who sent them may prefer that certain facts remain undiscovered. Cone of Silence tells a story of corporate greed and government indifference . . . and the unexpected consequences of both.

The brilliant debut novel from the bestselling author of City of Thieves and the co-creator of the HBO series Game of Thrones, about a white-collar drug dealer's last night out in New York City before going to jail Adapted as a feature film by Spike Lee starring Edward Norton and Philip Seymour Hoffman "Novels like The 25th Hour don't fall out of trees every day. The tone is dark and intense; its elegant style is cut on the raw side; and the characters come from places we've all been." –The New York Times All Monty Brogan ever really wanted when he grew up was to be a fireman. Now he's about to start a seven-year stretch in the federal penitentiary for drug dealing. With just twenty-four hours of freedom to go, he prowls the city with his girlfriend and his two best friends from high school—a high-flying bond trader and an idealistic teacher. As the minutes count down, Monty seizes one last chance to stack the odds in his favor. Hurtling from the money pits of Wall Street to Manhattan's downtown lounge and club scene, from the enclaves of the Russian mob to the old immigrant neighborhoods, The 25th Hour evokes the pulsing rhythms and diamond-hard edges of a city in the raw, illusory hours between midnight and dawn. A taut and mesmerizing tale of an urban purgatory suspended between the crime and the punishment, The 25th Hour is a major player in contemporary noir fiction.

"Taking place in a pre-9/11 world of the 80's, a former US submarine is hijacked in the Gulf, a floating aircraft carrier museum is hijacked from its dock in South Carolina, a Learjet and then a DC-9 are hijacked from New York shortly thereafter. The story is a vintage-era caper that involves gold, hostages and a cast of noble and exceptionally nasty characters!"--Author's Web site.

Atoning for illicit deeds as a former CIA covert ops officer by offering free help to those in need, Robert McCall conducts acts of vigilante justice on the streets of New York before finding himself pitted against Russian drug lords and a formidable adversary, in a novel that ties into the classic 80s TV show the author created, as well as the forthcoming film version. TV & Movie tie-in.

Creator of The Equalizer TV series, Michael Sloan reinvents the story of the mysterious Robert McCall, a former intelligence officer who helps desperate people in need of his unique skill set. Got a problem? Odds against you? Call the Equalizer. McCall’s first client is a distraught mother who is desperate to locate her young daughter, drawn into the shadowy world of white slavery. But this client may not be all she appears to be. At the time same, McCall is approached by a diplomat who works for the United Nations. Her son, an American Captain in the US Army, is part of a contingent advising Syrian Rebel forces in their fight against the Jihadists. He has been reported KIA, but his body has not been found. His mother asks McCall to find out if her son is alive or dead. When McCall embarks on a suicidal rescue mission in Syria, he stumbles upon a terror plot aimed at the United States. The terrorists are being protected by mercenaries known as Momento Miro-Remember That You Must Die. McCall discovers the key to the terror attacks is his one-time boss, Control, the head of a spy organization called “The Company.” He is missing. His life has been deleted from all personal and intelligence records, as if he never existed. McCall has to find his old friend and stop these terror attacks from being carried out on American soil.
