A maintenance & repair manual for the DIY mechanic.

A shocking scandal. An undeniable passion. A medieval Scottish romance from “ an amazingly talented author who has few rivals ” (RT Book Reviews). Arabella of Byrum ’ s stunning beauty is a blessing and a curse. It drew the brutal Elias of Woolford to make an irresistible offer for her hand in marriage, and it fueled the jealous rage that made Elias break that bond—leaving Arabella with an infant Elias refuses to acknowledge as his, and a shattered reputation. Despite the slanderous rumors about Arabella, William of Dunashie wants her when no other lord will. In his arms, Arabella discovers what the true power of love is, and can only hope that power will keep her safe as she searches a shadowy labyrinth of evil intrigue for the way to clear her name.

'Straight Whisky' is the first book ever to chronicle all the music, magic and mayhem of the Sunset Strip. Erik Quisling and Austin Williams have created a unique multi-levelled portrait that is unlike any other rock book on record. With its sweeping historical analysis and down and dirty details, 'Straight Whisky' pulls no punches and leaves no stone unturned. Quisling has drawn upon extensive research to chronicle the ways in which music on the Sunset Strip has both shaped and reflected the American experience since 1964. Williams has chosen sixteen of the most memorable events from the period and developed them into dramatic narratives that offer an intensely intimate view of this incredible story. Together, along with dozens of rare photos and original interviews with the rock stars who were there when it all happened, these perspectives provide a comprehensive look at the most famous stretch of rock 'n' roll real estate on Earth: the famed 'rock block' of Sunset Boulevard. Here are the stories that have been whispered about for decades. Now they can be told out loud for the first time.

Uses a large number of industrially-significant problems to convey an in-depth understanding of modern calculation procedures. Includes numerous topical examples and problems, and both conventional and SI units.

This is one of the most significant military books of the twentieth century. By an outstanding soldier of independent mind, it pushed forward the evolution of land warfare and was directly responsible for German armoured supremacy in the early years of the Second World War. Published in 1937, the result of 15 years of careful study since his days on the German General Staff in the First World War, Guderian's book argued, quite clearly, how vital the proper use of tanks and supporting armoured vehicles would be in the conduct of a future war. When that war came, just two years later, he proved it, leading his Panzers with distinction in the Polish, French and Russian campaigns. Panzer warfare had come of age, exactly as he had forecast. This first English translation of Heinz Guderian's classic book - used as a textbook by Panzer officers in the war - has an introduction and extensive background notes by the modern English historian Paul Harris.

First in the epic medieval romance series: A passionate story of intrigue, chivalry, and forbidden love from the author of Fire and Steel. Beautiful Eleanor of Nantes is pursued by many great noblemen, including the evil Robert of Belesme and charming Prince Henry, son of William the Conqueror. But it is the dashing Roger FitzGilbert, born a bastard with no title to his name, who sweeps her off her feet. Their love may be forbidden, but their passion is undeniable . . . “ Anita Mills makes a phenomenal debut . . . Splendid . . . A highly romantic, action-packed tale of enduring love. ” —Romantic Times “ For medieval romance lovers, this one should be on your keeper shelf . . . The story is rich in historic details with an intricately woven plot, fast-moving dialog and action. It ’ s a page-turner and so well written. ” —Historical Romance Review with Regan Walker

"Having been born a freeman, and for more than thirty years enjoyed the blessings of liberty in a free State—and having at the end of that time been kidnapped and sold into Slavery, where I remained, until happily rescued in the month of January, 1853, after a bondage of twelve years—it has been suggested that an account of my life and fortunes would not be uninteresting to the public." -an excerpt

Humble beans are the true MVPs of the kitchen. They have a long shelf life, are packed with protein, and best of all, they taste great in a wide variety of applications. This collection of 20 foolproof recipes gives beans their due, putting them center stage in recipes such as Ultracreamy Hummus (you've never had homemade hummus this velvety-smooth) and White Bean and Tuna Salad (two pantry-friendly ingredients come together for a dish that's greater than the sum of its parts). We share the secrets to making light and crispy Falafel as well as irresistible soups and sides. Whether you're looking for breakfast inspiration (our recipe for Scrambled Eggs with Pinto Beans and Cotija Cheese delivers tender eggs with a mildly spicy kick), internationally inspired mains such as Palak Dal (Spinach Dal with Cumin and Mustard Seeds) and Tuscan Shrimp and Beans, or hearty vegetarian dishes such as Black Bean Burgers and Meatless "Meat" Sauce with Chickpeas and Mushrooms, this collection gives you 20 great reasons to put beans on the menu.

Provides an overall introduction to the welding process, illustrating most of the common equipment and work techniques for both the home and shop welding.
