For non-majors biology courses Engage students in science with stories that relate to their lives
Biology: Science for Life weaves a compelling storyline throughout each chapter to grab student attention through the exploration of high-interest topics such as genetic testing, global warming, and the Zika virus. The authors return to the storyline again and again, using it as

Access Free Mastering Biology Chapter 13

the basis on which they introduce the biological concepts behind each story. In the 6th Edition, new active learning features and author-created resources help instructors implement the storyline approach in their course. The Big Question is a new feature that helps students learn how to use data to determine what science can answer while developing their ability to critically evaluate information. Also available with Mastering Biology or as an easy-to-use, standalone Pearson eText Mastering(tm) is the teaching and learning platform that empowers you

Access Free Mastering Biology Chapter 13

to reach every student. By combining trusted author content with digital tools developed to engage students and emulate the office-hour experience, Mastering personalizes learning and often improves results for each student. New to the 6th edition are author-created Figure Walkthrough videos that guide students to solidify their understanding of the concepts within challenging illustrations as well as Make the Connection activities that help students bridge the gap between each storyline and the science behind it, as well as Ready-to-Go Teaching Modules for select chapters

Access Free Mastering Biology Chapter 13

that provide instructors with assignments to use before and after class, as well as in-class activities. Pearson eText allows educators to easily share their own notes with students so they see the connection between their reading and what they learn in class--motivating them to keep reading, and keep learning. Portable access lets students study on the go, even offline. And, reading analytics offer insight into how students use the eText, helping educators tailor their instruction. Note: You are purchasing a standalone product; Mastering Biology

MasteringBiology should only be purchased when required by an instructor. -- For courses in cell biology. Widely praised for its strong biochemistry coverage, Becker's World of the Cell, Eighth Edition,

Access Free Mastering Biology Chapter 13

provides a clear, up-to-date introduction to cell biology concepts, processes, and applications. Informed by many years of teaching the introductory cell biology course, the authors have added new emphasis on modern genetic/genomic/proteomic approaches to cell biology while using clear language to ensure that students comprehend the material. Becker's World of the Cell provides accessible and authoritative descriptions of all major principles, as well as unique scientific insights into visualization and applications of cell biology. Media icons within the text and figures call

Access Free Mastering Biology Chapter 13

attention to an enhanced media selection—350 up-to-date animations, videos, and activities—that helps students visualize concepts. The Becker World of the Cell 8e Technology Update brings the power of MasteringBiology to Cell Biology for the first time. MasteringBiology is an online homework, tutorial and assessment system that delivers self-paced tutorials that provide individualized coaching, focus on your course objectives, and are responsive to each student's progress. The Mastering system helps instructors maximize class time with

Access Free Mastering Biology Chapter 13

customizable, easy-to-assign, and automatically graded assessments that motivate students to learn outside of class and arrive prepared for lecture.

For non-majors/mixed biology courses. The most comprehensive coverage at the most affordable price for non-majors biology With a proven and effective tradition of engaging readers with real-world applications, high-interest case studies, and inquiry-based pedagogy, *Biology: Life on Earth* fosters discovery and scientific understanding that students can use throughout their

Access Free Mastering Biology Chapter 13

lives. Engaging Case Studies throughout each chapter and thoughtful pedagogy help students develop critical thinking and scientific literacy skills. The 12th Edition offers the most comprehensive coverage at the most affordable price for the non-majors biology student. This loose-leaf edition maintains its conversational, question-and-answer presentation style that has made it a best-seller. The new edition expands its focus on the process of science with new Doing Science boxes throughout the text that walk students through the scientific process, and

Access Free Mastering Biology Chapter 13

interactive Doing Science coaching activities in Mastering Biology. The text also provides Think Deeper questions that give instructors guidance for starting classroom discussions that promote critical thinking. Also available as a Pearson eText or packaged with Mastering Biology: Pearson eText is a simple-to-use, mobile-optimized, personalized reading experience that can be adopted on its own as the main course material. It lets students highlight, take notes, and review key vocabulary all in one place, even when offline. Seamlessly integrated videos

Access Free Mastering Biology Chapter 13

and other rich media engage students and give them access to the help they need, when they need it. Access Free Mastering Biology Chapter 13

For non-majors/mixed biology courses. Help students see biology's relevance by focusing on core concepts Eric Simon's Biology: The Core presents essential biological concepts, using a unique visual and hybrid approach. The succinct 12-chapter textbook uses dynamic figures and illustrations organized into concise, self-contained 2-page modules that focus students' attention to what is most relevant. Biology: The Core pairs with Mastering Biology to offer extensive assignment options and support materials that provide instructors with maximum flexibility. For

Access Free Mastering Biology Chapter 13

every concept in the text, Mastering Biology provides assignments and activities instructors can use to layer detail and tailor content to their course and the way they teach, including new Guided Video Tours of key modules and new Coaching Activities on scientific literacy-all developed by author Eric Simon.

Instructors can engage students in current issues and easily build active and relevant lectures with the unique set of "Current Topic" instructor resources that Biology: The Core offers, including Current Topic PowerPoint lectures, Mastering assignments,

Access Free Mastering Biology Chapter 13

instructor topic guides, and Ready-to-Go Teaching Modules. Ready-to-Go Teaching Modules offer the best classroom tested activities and recommended assignments that the Biology: The Core , Mastering Biology, and Learning Catalytics have to offer. The 3rd Edition focuses on current issues and presents active learning and flipped classroom strategies that encourage students to think and actively participate in the non-majors biology course. Ten new Core Issues modules engage students and help them see the relationship between key concepts and

Access Free Mastering Biology Chapter 13

current issues they are familiar with such as nutrition, antibiotic resistance, diabetes, cancer, vaccinations, and more. Each of these ten beautifully illustrated modules conveys relevant topics and core biological concepts, and are accompanied by a full suite of supplementary resources in Mastering Biology. Also available as a Pearson eText or packaged with Mastering Biology: Pearson eText is a simple-to-use, mobile-optimized, personalized reading experience that can be adopted on its own as the main course material. It lets students highlight,

Access Free Mastering Biology Chapter 13

take notes, and review key vocabulary all in one place, even when offline.

Seamlessly integrated videos and other rich media engage students and give them access to the help they need, when they need it.

Educators can easily share their own notes with students so they see the connection between their eText and what they learn in class - motivating them to keep reading, and keep learning. If your instructor has assigned Pearson eText as your main course material, search for:
