Joan Cornella's work fills me with envy, because it is amazing. A real cartooning genius. Michael Kupperman "Los graciosos personajes de Joan Cornella hacen las cosas incorrectas, en el peor momento y por razones equivocadas, y sin embargo están bien." Kaz, autor de Submundo.

"Mox Nox" didn't really work for me, and when I read this review I asked myself why. I came up with this plausible, but possibly bullshit explanation: Cornella paints his comics (prettily, I think); paint *reads*, visually, like a lot of labor; and, for me at least, the payoff for all that work just isn't there.

Raymond Lemstra is a Dutch artist and illustrator based in Amsterdam. He has exhibited his art across the world and been commissioned on projects by international companies such as Mercedes-Benz and Nokia. Lemstra often fuses traditional motifs with bold, abstract images. His works are both playful and imaginative, and his intricate pencil work and detailed layers of shading reveal an exceptional level of skill, making him a true master of his craft. 'Big Mother 4' celebrates the finest of Lemstra's work by collecting and condensing his pieces into a large format, limited edition monograph.

Megg the witch, Mogg the cat, their friend Owl, and Werewolf Jones struggle unsuccessfully with their depression, drug use, sexuality, poverty, lack of ambition, and their complex feelings about each other. It's a laff riot! Megg and Mogg decide to take a trip to Amsterdam for some quality couple time, although the trip gets off to a rocky start when they forget their antidepressants. They need Owl to come and help them save their relationship. But why does he have a suitcase full of glass dildos? And what will they do when they realize that the housesitting Werewolf Jones has turned their apartment into a "f#@k zone"? Megg & Mogg in Amsterdam collects all of Simon Hanselmann's contributions to Vice.com, the Ignatz Award-nominated short story "St. Owl's Bay," and other surprises that will add additional color and background for fans of Megahex.

Owl is gone, Werewolf Jones has moved in, and everything as Megg and Mogg know it begins to fall apart. Hanselmann's comic premise of his previous graphic novels ? eternally stoned, slacker roommates ? stretches at the seams as his characters reflect the psychological toll that their years of unsustainable, determined insouciance and self-medication has inflicted.

With few words and gorgeous style, a cartoonist takes aim at the hypocrisies of the art world White Cube is the Belgian cartoonist and illustrator Brecht Vandebroucke's debut book, a collection of mostly wordless strips that follow a pair of pink-faced twins as they attempt to understand contemporary art and the gallery world. Their reactions to the art they encounter are frequently comedic, as they paint over Pablo Picasso's famous mural Guernica, and re-create a pixelated version of Edvard Munch's The Scream after receiving one too many e-mails. Lushly painted, these irreverent strips poke fun at the staid, often smug art world, offering an absurdist view on the institutions of that world-questioning what constitutes art and what doesn't, as well as how we decide what goes on the walls of the gallery and what doesn't. Vandebroucke's distinctive work blends the highbrow with the low, drawing equally from Gordon Matta-Clark's site-specific artwork and the Three Stooges' slapstick timing. With a knowing wink at the

reader, Vandembroucke continuously uncovers something to laugh about in the stuffiness and pretentiousness of the art world.

Simon Hanselmann's previous two Megg & Mogg books have both been New York Times best-sellers, and One More Year continues to cement Hanselmann as one his generation's defining graphic novelists. Megg the witch, Mogg the cat, and their friends Owl and Werewolf Jones are imbued with far more pathos and depth than seems plausible. One More Year continues to give more substance to the characters and personalities of its protagonists in ways that never fail to surprise, delight, and horrify.

In 2016, Hanselmann began producing Xeroxed zines starring the depressive Megg (a green-skinned witch), her abusive boyfriend Mogg (an actual cat), their submissive roommate Owl (a vaguely humanoid owl), and the self-destructively hedonistic Werewolf Jones (half human, half wolf) in print runs of 300 to 500 copies, with hand-painted covers, custom stamps and hologram security stickers. Seeds and Stems collects all of these out-of-print, self-published stories produced by the artist between 2016-2019, along with a generous smattering of rarities from various anthologies and magazines. Megg and Mogg and friends explore the worlds of lucid dreaming, banking scams, cinema, mixed drinks, alien invasions, and budget vasectomies in this varied collection of rare and often experimental adventures, designed and curated entirely by the artist.
