America's secret war in the Caribbean during the Cold War is revealed as never before in this riveting story of the machinations and blunders of superpowers, and the daring of the mavericks who took them on. During the presidencies of Eisenhower, Kennedy and Johnson, the Caribbean was in crisis, while the United States and the USSR acted out the world's rising tensions in its island nations. Meanwhile the leaders of these nations - the charismatic Fidel Castro, and his mysterious brother Raúl; the ideologue Che Guevara; the capricious psychopath Rafael Trujillo; and François 'Papa Doc' Duvalier, a buttoned-down doctor with interests in Vodou, embezzlement and torture - had ambitions of their own. Alex von Tunzelmann's brilliant narrative follows these five rivals and accomplices from the beginning of the Cold War to its end. The superpowers thought they could use these Caribbean leaders as puppets, but what neither bargained on was that their puppets would come to life. The United States, in its all-consuming fight against communism, stumbled into one disaster after another. First, with the Bay of Pigs, and then with the Cuban Missile Crisis, it helped bring the world as close to catastrophic nuclear war as it has ever been. Red Heat is an authoritative and eye-opening account of a wildly dramatic and dangerous era of international politics that has unmistakable resonance today.

Cuban-American cooking show star Miriam Quiñones-Smith becomes a seasoned sleuth in Raquel V. Reyes's Caribbean Kitchen Mystery debut, a savory treat for fans of Joanne Fluke and Jenn McKinlay. Food anthropologist Miriam Quiñones-Smith's move from New York to Coral Shores, Miami, puts her academic career on hold to stay at home with her young son. Adding to her funk is an opinionated mother-in-law and a husband rekindling a friendship with his ex. Gracias to her best friend, Alma, she gets a short-term job as a Caribbean cooking expert on a Spanish-language morning TV show. But when the newly minted star attends a Women's Club luncheon, a socialite sitting at her table suddenly falls face-first into the chicken salad, never to nibble again. When a second woman dies soon after, suspicions coalesce around a controversial Cuban herbalist, Dr. Fuentes--especially after the morning show's host collapses while interviewing him. Detective Pullman is not happy to find Miriam at every turn. After he catches her breaking into the doctor's apothecary, he enlists her help as eyes and ears to the places he can't access, namely the Spanish-speaking community and the tawny Coral Shores social scene. As the ingredients to the deadly scheme begin blending together, Miriam is on the verge of learning how and why the women died. But her snooping may turn out to be a recipe for her own murder.

A New York Times Notable Book of 2020 "Saint X" is hypnotic. Schaitkin's characters...are so intelligent and distinctive it feels not just easy, but necessary, to follow them. I devoured [it] in a day." —Oyinkan Braithwaite, New York Times Book Review When you lose the person who is most essential to you, who do you become? Recommended by Entertainment Weekly, included in Good Morning America's 20 Books We're Excited for in 2020 & named as one of Vogue's Best Books to Read This Winter, Bustle's Most Anticipated Books of February 2020, and O Magazine's 14 of the Best Books to Read This February! Hailed as a "marvel of a book" and "brilliant and unflinching," Alexis Schaitkin's stunning debut, Saint X, is a haunting portrait of grief, obsession, and the bond between two sisters never truly given the chance to know one another. Claire is only seven years old when her college-age sister, Alison, disappears on the last night of their family vacation at a resort on the Caribbean island of Saint X. Several days later, Alison's body is found in a remote spot on a nearby cay, and two local men—employees at the resort—are arrested. But the evidence is slim, the timeline against it, and the men are soon released. The story turns into national tabloid news, a lurid mystery that will go unsolved. For Claire and her parents, there is only the return home to broken lives. Years later, Claire is living and working in New York City when a brief but fateful encounter brings her together with Clive Richardson, one of the men originally suspected of murdering her sister. It is a moment that sets Claire on an obsessive pursuit of the truth—not only to find out what happened the night of Alison's death but also to answer the elusive question: Who exactly was her sister? At seven, Claire had been barely old enough to know her: a beautiful, changeable, provocative girl of eighteen at a turbulent moment of identity formation. As Claire doggedly shadows Clive, hoping to gain his trust, waiting for the slip that will reveal the truth, an unlikely attachment develops between them, two people whose lives were forever marked by the same tragedy. For readers of Emma Cline's *The Girls* and Lauren Groff's *Fates and Furies*, Saint X is a flawlessly drawn and deeply moving story that culminates in an emotionally powerful ending.

If you like Agatha Christie, then you'll love Robert Thorogood. Seconded from rainy London to the sweltering heat of the Caribbean island of Saint Marie, DI Richard Poole would rather be having a pint at his local pub. But when a body is discovered at the Beaumont plantation, DI Poole must put aside his woes and solve the murder. Despite the fact the victim was found in a locked room holding a smoking gun, Poole is convinced this is not a suicide. When another body turns up the hunt is on for the killer, and the evasive Beaumont family are—rather suspiciously—no help at all... The third novel in the Death in Paradise Mysteries is perfect for fans of T. E. Kinsey, Heron Carvic and Caroline Graham. Praise for Robert Thorogood 'Death in Paradise feels like a ray of sunshine' Mirror 'Plenty of red herrings and twists to keep readers guessing' Daily Express 'A treat' Radio Times
