Named a Best Book of 2021 by NPR In her quickly gentrifying rural lake town Jade sees recent events only her encyclopedic knowledge of horror films could have prepared her for in this latest novel from the Jordan Peele of horror literature, New York Times bestselling author Stephen Graham Jones. “ Some girls just don 't know how to die... ” Shirley Jackson meets Friday the 13th in *My Heart Is a Chainsaw*, written by the author of *The Only Good Indians* Stephen Graham Jones, called “ a literary master ” by National Book Award winner Tananarive Due and “ one of our most talented living writers ” by Tommy Orange. Alma Katsu calls *My Heart Is a Chainsaw* “ a homage to slasher films that also manages to defy and transcend genre. ” On the surface is a story of murder in small-town America. But beneath is its beating heart: a biting critique of American colonialism, Indigenous displacement, and gentrification, and a heartbreaking portrait of a broken young girl who uses horror movies to cope with the horror of her own life. Jade Daniels is an angry, half-Indian outcast with an abusive father, an absent mother, and an entire town that wants nothing to do with her. She lives in her own world, a world in which protection comes from an unusual source: horror movies...especially the ones where a masked killer seeks revenge on a world that wronged them. And Jade narrates the quirky history of Proofrock as if it is one of those movies. But when blood actually starts to spill into

the waters of Indian Lake, she pulls us into her dizzying, encyclopedic mind of blood and masked murderers, and predicts exactly how the plot will unfold. Yet, even as Jade drags us into her dark fever dream, a surprising and intimate portrait emerges...a portrait of the scared and traumatized little girl beneath the Jason Voorhees mask: angry, yes, but also a girl who easily cries, fiercely loves, and desperately wants a home. A girl whose feelings are too big for her body. My Heart Is a Chainsaw is her story, her homage to horror and revenge and triumph.

From sunrise to bedtime, a mother shows her child the beauty of shapes found in everyday life. Full color.

"Based on the teleplay "Nella's Courageous Heart" by Scott Gray."

A New York Times Book Review Editors' Choice "Calm and contemplative, softened by melancholy humor and always alive to beauty . . . Throughout My Heart, Mr. Mehmedinovi takes up the exile's perpetual investigation into memory, trying to reconcile the defining traumas of the past with the tendency of time to scrub them away: "Remembering and forgetting stand side by side, they're made of the same substance." That substance, whatever it is, pulses throughout this noble and large-souled work of literature." —Sam Sacks, Wall Street Journal "Though it deals with tragedy, My Heart is never depressing, partly because of the beauty of the language—expertly translated from the Bosnian by Celia Hawkesworth—and partly because of its depth and honesty of emotion, its intelligence and generosity of spirit, and the precision and originality of Mehmedinovic's observations . . . [A] powerful, at once profound and charming book." —Francine Prose, The New York Times Book Review "Today, it seems, was the day I was meant to die." When a writer suffers a heart attack at the age of fifty, he must confront his mortality in a country that is not his native home. Confined to a hospital bed and overcome by a sense of powerlessness, he reflects on the fragility of life and finds extraordinary meaning in the quotidian. In this affecting autobiographical novel, Semezdin Mehmedinovic explores the love he and his family have for one another, strengthened by trauma; their harrowing experience of the Bosnian war, which led them to flee for the United States as refugees; eerie premonitions of Donald Trump's presidency; the life and work of a writer; and the nature of memory and grief. Poetically explosive and pure to the core, My Heart serves as a kind of mirror, reflecting our human strengths and weaknesses along with the most important issues on our minds--love and death, the present and the past, sickness and health, leaving and staying.

This tender novelty board book shines a light on all the ways a parent's love for their children grows more and more each day. My heart used to beat for one, now it beats for two. But oh how giant my heart grows all because of you. A parent's love for their child grows daily, always in new and unexpected ways: through making mistakes, through asking why, through taking a stand, through making up your mind. With a die-cut heart that gets bigger and bigger on every spread, each turning page expands the love that's shared.

A heart can be hopeful, or silly, or happy. A heart can be rugged, or snappy, or lonely. A heart holds every different feeling, and debut author-artist Michael Hall captures each one with a delicate touch. For each feeling, the bold, graphic artwork creates an animal out of heart shapes, from "eager as a beaver" to "angry as a bear"

to "thoughtful as an owl." An accessible and beautiful debut, *My Heart Is Like a Zoo* is everything a classic picture book should be: honest, sincere, and speaking directly to even the very youngest child. Ages: 0 - 5
