The African continent is currently in the midst of simultaneously unfolding and highly significant demographic, economic, technological, environmental, urban and socio-political transitions. Africa's economic performance is promising, with booming cities supporting growing middle classes and creating sizable consumer markets. Despite significant overall growth, the continent continues to suffer under very rapid urban growth accompanied by massive urban poverty and many other social problems. These seem to indicate that the development trajectories followed by African nations since post-independence may not be able to deliver on the aspirations of broad based human development and

prosperity for all. This report, therefore, argues for a bold re-imagining of prevailing models in order to steer the ongoing transitions towards greater sustainability based on a thorough review of all available options. That is especially the case since the already daunting urban challenges in Africa are now being exacerbated by the new vulnerabilities and threats associated with climate and environmental change.

Although the book explores the roles that other factors - such as regional and systemic power relationships, the terms of the settlement itself, and the role of "ripeness" - play in the success or failure of these peace settlements, it concludes that success hinges more

on what third parties do and do not do.

This book outlines how odious debts are not legally binding under international or domestic law, contrary to widely held legal opinion.

Fully indexed, the 1991 edition of the "Yearbook" is the single most current, comprehensive and authoritative reference publication about the work of the United Nations, other international organizations and related bodies. The book is designed not just for use by diplomats, officials and scholars but also by other researchers, writers, journalists, teachers and students. The year 1991 was a remarkably eventful one for the United Nations and in the conduct of international relations. This volume of the "Yearbook" details the activities of the United Nations, its

many organs, agencies and programmes, working together to rekindle a new form of multilateral cooperation for a better world. It records the diverse and globe-encompassing activities of the United Nations and its enduring efforts to deal with the world's pressing concerns, particularly matters of international peace and security, disarmament, human rights, the settlement of regional conflicts, economic and social development, the preservation of the environment, control of drugs and narcotic substance abuse, crime prevention, adequate shelter, youth and the ageing and humanitarian assistance for refugees as well as disaster relief. The "Yearbook of the United Nations" is now up-to-date. The Yearbooks for the years 1988, 1989 and 1990 will be published
