Kristin Neff, Ph.D., says that it's time to "stop beating yourself up and leave insecurity behind." *Self-Compassion: Stop Beating Yourself Up and Leave Insecurity Behind* offers expert advice on how to limit self-criticism and offset its negative effects, enabling you to achieve your highest potential and a more contented, fulfilled life. More and more, psychologists are turning away from an emphasis on self-esteem and moving toward self-compassion in the treatment of their patients—and Dr. Neff's extraordinary book offers exercises and action plans for dealing with every emotionally debilitating struggle, be it parenting, weight loss, or any of the numerous trials of everyday living.

This is the authoritative guide to conducting the Mindful Self-Compassion (MSC) program, which provides powerful tools for coping with life challenges and enhancing emotional well-being. MSC codevelopers Christopher Germer and Kristin Neff review relevant theory and research and describe the program's unique pedagogy. Readers are taken step by step through facilitating each of the eight sessions and the accompanying full-day retreat. Detailed vignettes illustrate not only how to teach the course's didactic and experiential content, but also how to engage with participants, manage group processes, and overcome common obstacles. The final

section of the book describes how to integrate self-compassion into psychotherapy. Purchasers get access to a companion website with downloadable audio recordings of the guided meditations. Note: This book is not intended to replace formal training for teaching the MSC program. See also two related resources for MSC participants and general readers, *The Mindful Self-Compassion Workbook*, by Kristin Neff and Christopher Germer, and *The Mindful Path to Self-Compassion*, by Christopher Germer.

Improving your powers of communication can encourage powerful communication with your parishioners. *A Pastor's Guide to Interpersonal Communication: The Other Six Days* provides students preparing for the pastoral ministry with specialized training in communications that focuses on the kind of one-on-one conversations they can expect to have with their parishioners. This comprehensive book examines a variety of essential topics, including perception, self-disclosure, verbal and nonverbal messages, listening, stages of relational development, power assertiveness and dominance, conflict management, forgiveness, persuasion, dual relationships, pastoral family communication, and how to develop a communications model. Each chapter includes "Pastoral Conversations," real-life dialogues presented for analysis; "Key Concepts" for quick student review; "Meanings Mania," self-tests on vocabulary; and "Unleashing the Power of Interpersonal Communication," student exercises that reinforce the practical aspects of key principles. While many pastors have a great love for the people they minister to, they have difficulty demonstrating that love because they lack the skills to develop and maintain relationships. This book explores how communication works and how to make it work for you, applying the best available interpersonal communications techniques to your
