Inspiring travel quotes on every page Beautiful design cover in a matte finish World time zone map Travel journals are the perfect gift for a loved one or friend who is about to embark on an exciting new adventure. Scroll up and buy your stunning new travel journal today and create memories to last a lifetime.

Armed with this rough-and-tumble travel journal, prepare to embark on a wondrous, eclectic journey packed with inspiration and activities from around the globe. It's wanderlust in a book. Page by page, Do Big Small Things will challenge you to write, rip, make, and share as you blast out of your comfort zone, dream big, and pay it forward. Wherever you find yourself-on a plane, trekking through Nepal, or in your living room-this book will inspire you to create a vibrant record of your adventures and to push the limits of your mind. The result is a deeply personal gallery of shared surprises, hidden treasures, sudden epiphanies, meaningful connections, and lasting changes. Full of simple, playful prompts and eye-opening visuals, and brimming with worldly wisdom, healthy irreverence, and a sense of boundless possibility, this book is your map, your companion, your record of the small things you do that add up to something bigger.

A magisterial history of the Himalaya: an epic story of peoples, cultures, and adventures among the world's highest mountains. For centuries, the unique and astonishing geography of the Himalaya has attracted those in search of spiritual and literal elevation: pilgrims, adventurers, and mountaineers seeking to test themselves among the world's most spectacular and challenging peaks. But far from being wild and barren, the Himalaya has been home to a diversity of indigenous and local cultures, a crucible of world religions, a crossroads for trade, and a meeting point and conflict zone for empires past and present. In this landmark work, nearly two decades in the making, Ed Douglas makes a thrilling case for the Himalaya's importance in global history and offers a soaring account of life at the "roof of the world." Spanning millennia, from the earliest inhabitants to the present conflicts over Tibet and Everest, Himalaya explores history, culture, climate, geography, and politics. Douglas profiles the great kings of Kathmandu and Nepal; he describes the architects who built the towering white Stupas that distinguish Himalayan architecture, and he traces the flourishing evolution of Hinduism, Islam, and Buddhism that brought Himalayan spirituality to the world. He also depicts with great drama the story of how the East India Company grappled for dominance with China's emperors, how India fought Mao's Communists, and how mass tourism and ecological transformation are obscuring the bloody legacy of the Cold War. Himalaya is history written on the grandest yet also the most human scale—encompassing geology and genetics, botany and art, and bursting with stories of courage and resourcefulness.

Two major trends have recently swept the travel world: the first, an overwhelming desire (thanks to Elizabeth Gilbert's bestseller, Eat, Pray, Love) to write one's own memoir; the second, an explosion of social media, blogs, twitter and texts, which allow travelers to document and share their experiences instantaneously. Thus, the act of chronicling one's journey has never been more popular, nor the urge stronger. Writing Away: A Creative Guide to Awakening the Journal-Writing Traveler, will inspire budding memoirists and jetsetting scribes alike. But Writing Away doesn't stop there—author Lavinia Spalding spins the romantic tradition of keeping a travelogue into a modern, witty adventure in awareness, introducing the traditional handwritten journal as a profoundly valuable tool for self-discovery, artistic expression, and spiritual growth. Writing Away teaches you to embrace mishaps in order to enrich your travel experience, recognize in advance what you want to remember, tap into all your senses, and connect with the physical world in an increasingly technological age. It helps you overcome writer's block and procrastination; tackle the discipline, routine, structure, and momentum that are crucial to the creative process; and it demonstrates how traveling—while keeping a journal along the way—is the world's most valuable writing exercise.

Spanning fifteen years of travel, beginning when she is a sophomore in college, Wanderlust documents Elisabeth Eaves's insatiable hunger for the rush of the unfamiliar and the experience of encountering new people and cultures. Young and independent, she crisscrosses five continents and chases the exotic, both in culture and in romance. In the jungles of Papua New Guinea, she loses herself—literally—to an Australian tour guide; in Cairo, she reconnects with her high school sweetheart, only to discover the beginning of a pattern that will characterize her life over the long-term: while long-distance relationships work well for her, traditional relationships do not. Wanderlust, however, is more than a chronological conquest of men and countries: at its core, it's a journey of self-discovery. In the course of her travels, Eaves finds herself and the sense of home she's been lacking since childhood—and she sheds light on a growing culture of young women who have the freedom and inclination to define their own, increasingly global, lifestyles, unfettered by traditional roles and conventions of past generations of women.
