Boys who resist sissification are put into tight corsets and undergo complete petticoat punishment. The new 'girls' are started on 'vitamin' pills which are in fact female hormones. 2015 Israel Fishman Non-Fiction Award presented by the Stonewall Books Awards of the American Library Association Muhsin is one of the organizers of Al-Fitra Foundation, a South African support group for lesbian, transgender, and gay Muslims. Islam and homosexuality are seen by many as deeply incompatible. This, according to Muhsin, is why he had to act. "I realized that I'm not alone—these people are going through the very same things that I'm going through. But I've managed, because of my in-depth relationship with God, to reconcile the two. I was completely comfortable saying to the world that I'm gay and I'm Muslim. I wanted to help other people to get there. So that's how I became an activist." Living Out Islam documents the rarely-heard voices of Muslims who live in secular democratic countries and who are gay, lesbian, and transgender. It weaves original interviews with Muslim activists

into a compelling composite picture which showcases the importance of the solidarity of support groups in the effort to change social relationships and achieve justice. This nascent movement is not about being “out” as opposed to being “in the closet.” Rather, as the voices of these activists demonstrate, it is about finding ways to live out Islam with dignity and integrity, reconciling their sexuality and gender with their faith and reclaiming Islam as their own.

The Digital Age has created massive technological and disciplinary shifts in tabletop role-playing, increasing the appreciation of games like Dungeons & Dragons. Millions tune in each week to watch and listen to RPG players on podcasts and streaming platforms, while virtual tabletops connect online players across the world. Such shifts elicit new scholarly perspectives from a variety of disciplines. This collection includes essays on the transmedia ecology that has connected analog with digital and audio spaces. Essays explore the boundaries of virtual tabletops and how users engage with a variety of technology to further role-playing. Authors map the growing diversity of the TRPG fandom and detail how players interact with RPG-related podcasts. Interviewed are content creators like Griffin McElroy of The Adventure Zone podcast, Roll20 co-creator Nolan T. Jones, board game designers Nikki Valens and Isaac Childres and fan artists Tracey Alvarez and Alex Schiltz. These essays and interviews expand the academic perspective to reflect the future of role-playing.

In the debut middle grade novel from #1 New York Times bestselling author Gayle Forman comes a poignant and powerful coming-of-age story that follows a young girl and her new friend as they learn about family, friendship, allyship, and finding your way in a complicated world. It's the summer of 1987, and all ten-year-old Bug wants to do is go to the beach with her older brother and hang out with the locals on the boardwalk. But Danny wants to be with his own friends, and Bug's mom is too busy, so Bug is stuck with their neighbor Philip's nephew, Frankie. Bug's not too excited about hanging out with a kid she's never met, but they soon find some common ground. And as the summer unfolds, they find themselves learning some important lessons about each other, and the world. Like what it means to be your true self and how to be a good ally for others. That family can be the people you're related to, but also the people you choose to have around you. And that even though life isn't always fair, we can all do our part to make it more just.

The latest book by Thomas Newgen and Barbara Deloto, "Changes" has five different stories about forced feminization. The authors of, the ever popular, "Virgin Bride - An Erotic Tale - A Husband becomes a Bride." and, "Shapeshifter" have now created five exciting stories of men being turned into women (almost) by their female transformers. "Neighborly Advice" is about a wife that talks with her psychiatrist neighbor about sexuality and through her advice brings excitement into their lives by teaching the wife to transform the husband into a woman and become like a girlfriend instead of a husband as they enjoy themselves immensely while he's dressed as a woman. "I Once Was a Man, Until My Wife Got Done with Me" is about a wife who wants her husband to understand how a woman wants to be treated by a man by turning him into a woman through her training of him. "Natasha's Weekend" is about a woman's special, monthly party, where she becomes a dom for a day and turns her husband into her sissy slave to serve at the party. "What Happened to Me!?" is about a husband that regularly came home after too many drinks one too many times until she takes control and literally puts her shoe on his foot along with other limiting, and life changing restraints and changes. "A New Job: Great Pay, But at What Price?" is about a man that is hired at an outrageously high salary by a beautiful, powerful, woman boss that makes him wear women's clothing on his first day of work and ultimately changes his life completely. All the stories are about men learning about the pleasures of dressing like a woman, femininity, sexuality, sensuality, and pleasing from the feminized side of life. All of them are highly erotic and incredibly titillating! Adults only! Don't miss this one.

the deep cultural significance of sport and its role in fostering social bonds. Yet when it comes to sport, there is no shortage of debate: stereotypes regarding sexuality, race, gender, and children have been hotly contested by critics for over 40 years. Even today, sport is one of the very few socially accepted sites of violence, intense competition and controlled forms of social disorder. *Battleground: Sports* presents the 100 most contentious public and private controversies of the sports world. Highlighted throughout are debates surrounding ethnicity, gender, sexuality, and social identity, sports fan behavior, as well as the role of governments and corporations. Engaging and accessible to a wide variety of readers, this fascinating reference illustrates how sports controversies reflect the historically enduring and changing nature of our broader cultures, and the social battles we engage on a day-to-day basis surrounding the struggles for equality, debates about social violence, the ethics of competition, the politics of civic life, the creation of global communities, and the State's role in protecting citizens. Entries contain an array of thoughtful perspectives on historic and current controversies, and allow readers to formulate their own conclusions. Enhanced with a timeline, a thorough guide of print and electronic resources for high school and undergraduate student research, this one-stop reference goes beyond the newspaper headlines to provide readers with a guide map for understanding what sport controversies teach us about our culture and ourselves.

In the decades since it was identified in 1981, HIV/AIDS has devastated African American communities. Members of those communities mobilized to fight the epidemic and its consequences from the beginning of the AIDS activist movement. They struggled not only to overcome the stigma and denial surrounding a "white gay disease" in Black America, but also to bring resources to struggling communities that were often dismissed as too "hard to reach." *To Make the Wounded Whole* offers the first history of African American AIDS activism in all of its depth and breadth. Dan Royles introduces a diverse constellation of activists, including medical professionals, Black gay intellectuals, church pastors, Nation of Islam leaders, recovering drug users, and Black feminists who pursued a wide array of grassroots approaches to slow the epidemic's spread and address its impacts. Through interlinked stories from Philadelphia and Atlanta to South Africa and back again, Royles documents the diverse, creative, and global work of African American activists in the decades-long battle against HIV/AIDS.

Aiming with each new edition to increase awareness and understanding of the scale and diversity of the cross-dressing and transgender phenomena, the 11th edition features many unique and inspirational photo-reports from around the world. The basis of the PBS American Experience documentary *Stonewall Uprising*. In 1969, a series of riots over police action against The Stonewall Inn, a gay bar in New York City's Greenwich Village, changed the longtime landscape of the homosexual in society literally overnight. Since then the event itself has become the stuff of legend, with relatively little hard information available on the riots themselves. Now, based on hundreds of interviews, an exhaustive search of public and previously sealed files, and over a decade of intensive research into the history and the topic, *Stonewall: The Riots That Sparked the Gay Revolution* brings this singular event to vivid life in this, the definitive story of one of history's most singular events. A Randy Shilts / Publishing Triangle Award Finalist "Riveting...Not only the definitive examination of the riots but an absorbing history of pre-Stonewall America, and how the oppression and pent-up rage of those years finally ignited on a hot New York night." - Boston Globe
