Because this site is dedicated to free books, there's none of the hassle you get with filtering out paid-for content on Amazon or Google Play Books. We also love the fact that all the site's genres are presented on the homepage, so you don't have to waste time trawling through menus. Unlike the bigger stores, Free-Ebooks.net also lets you sort results by publication date, popularity, or rating, helping you avoid the weaker titles that will inevitably find their way onto open publishing platforms (though a book has to be really quite poor to receive less than four stars).

Everyone can experience powerful spiritual and physical healing in his or her life by having a daily personal communion service with God. This volume reveals biblical secrets about the parallels between the manna in the wilderness and Christ's own experience in Getsemane. It shows the power of receiving daily Communion, which allows the life of Christ to work in your body, driving out every sickness, disease, and weakness.

Writing this book springs from a deep feeling for people and a grave concern that without a proper understanding of the reasons for their inhumanity in relation to one another and the development of a compassionate world view, it is likely that human beings may eventually destroy themselves and life on the planet. This work is an attempt to explain the source of destructive behaviour and how it manifests itself in personal relationships between men, women, couples, and families, and in the social arena. The author presents a position that offers a hope of altering the destiny of humankind's unethical behavior through better psychological understanding and education. Understanding the source of a person's aggressiveness in defending the fantasy bond and learning to cope with the voice process have strong implications for child-rearing and better mental health practices.
