platforms for what they are—another channel to reach customers and gain leads and sales for their efforts. Illustrated by case studies and examples, this No B.S. guide delivers practical strategies for applying the same direct-response marketing rules Kennedy has himself found effective in all other mediums.

Covers:

- How to stop being a wimp and make the switch from a passive content presence into an active conversion tool
- How to become a lead magnet by setting up social media profiles that focus on the needs of ideal prospects (not the product or service)
- Creating raving fans that create introductions to their networks
- How to move cold social media traffic into customers
- The role of paid media and how to leverage social media advertising to drive sales

FACT: NOTHING IS COSTLIER OR MORE DIFFICULT THAN GETTING A NEW CUSTOMER. Business owners agree. The referred customer is far superior to the one brought in by ‘cold’ advertising. Yet most business owners will invest more money to find new customers than getting referrals from current, happy customers. Millionaire maker Dan S. Kennedy and customer retention expert Shaun Buck dare you to stop chasing new customers and keep an iron cage around the ones you already have. Kennedy and Buck present a systematic approach to help you keep, cultivate, and multiply customers so that your entire business grows more valuable and sustainable, and you replace income uncertainty with reliable income through retention and referrals. Learn how to:

- Apply the #1 best retention strategy (hint: it’s exclusive)
- Catch customers before they leave you
- Grow each customer’s value (and have more power in the marketplace)
- Implement the three-step customer retention formula
- Use other people’s events to get more referrals
- Create your own Customer Multiplier System
- Calculate the math and cost behind customer retention

Discover the referral-getting, sales-increasing, battle-tested tactics designed to help you build a thriving business for the long-term.

It's 2020, and the acting business has changed dramatically. There are over 538 scripted shows on television. Amazon, Hulu and Netflix have changed the game for television, giving actors more opportunities than ever before. There are over 60 shows currently casting or filming out of New York, many more in Los Angeles, as well as in other emerging markets. Casting directors are hiring actors from self-tapes more than ever before, and actors need to be ready to turn around an amazing audition on a dime. It's ultra-competitive, and actors need to stay on their toes and keep up to date on current trends and expectations in an ever-changing world. The No. B.S. Guide to the Acting Biz is an insider's look into the business of acting, with a humorous, refreshingly candid, shoot from the hip approach by one of our top industry experts. Matt Newton, a professional actor and acclaimed acting coach, gives clear-cut, unfailingly honest lessons from what he's learned through his decades in the business. With relevant, provocative and often hilarious stories he guides the reader to a greater awareness of how the modern industry works and what that means for an actor. With an inspiring foreword from the successful actor Michael Urie ("Ugly Betty," "Younger," "Partners"), The No. B.S.
