This volume LNCS 12204 constitutes the refereed proceedings of the 7th International Conference on Business, Government, and Organizations, HCIBGO 2020, which was held in July 2020 as part of HCI International 2020 in Copenhagen, Denmark.* 1439 papers and 238 posters were accepted for publication after a careful reviewing process. The 42 papers presented in this volume are organized in topical sections named: digital transformation and intelligent data analysis and social media, digital commerce and marketing. *The conference was held virtually due to the COVID-19 pandemic. Chapter “The Effect of Queuing Technology on Customer Experience in Physical Retail Environments” is available open access under a Creative Commons Attribution 4.0 International License via link.springer.com.

An accessible explanation of climate change summarizes its science while sharing insights into its implications for the future, answering key questions from the role of fossil fuels to the economic costs of reducing carbon emissions.

Crammed with comic capers to try out on unsuspecting victims, and side-splitters to share, this ring-binder is a mix of practical pranks and wisecracks. Readers can depress the laughter button on the front for a tide of titters to accompany their tale telling. Three leaves of stickers and two funny photoframes are included. The jokers journal section contains 365 jokes - one for each day of the year and a space to fill with diary dates.

Hock the platinum. Take down the vacation photos. Cancel the joint checking account. There's no question . . . Divorce Sucks. And perhaps no one knows that better than author Mary Jo Eustace, whose ex-husband Dean McDermott married Tori Spelling a mere thirty days after their divorce was finalized. One part tell-all and one part guide to get readers on their feet after a bitter breakup, this hilarious addition to the bestselling Sucks series tells everything readers don't want to know about divorce - from what a phone call with a lawyer will cost; to how to handle your newer, younger replacement; to what Hollywood divorcees are actually thinking when they watch their ex walk the red carpet with a millionairess. Sometimes horrifying, sometimes gratifying, and never merciful, this book will give readers an inside look at one of today's most public divorces while reminding them - hey, it could always be worse.

Like its World War II namesake of Leyte Gulf fame, USS Samuel B. Roberts (FFG 58) was a small combatant built for escort duty. But its skipper imbued his brand-new crew with a fighting spirit to match their forebears, and in 1988 when the guided missile frigate was thrust into the Persian Gulf at the height of the Iran-Iraq War, there was no better ship for the job. Forbidden to fire unless fired upon, Captain Paul Rinn and his crew sailed amid the chaos in the Gulf for two months, relying on wit and nerve to face down fighter jets and warships bent on the destruction of civilian vessels. Their sternest test came when an Iranian mine ripped open the ship's engine room, ignited fires on four decks, and plunged the ship into darkness. The crew's bravery and cool competence was credited with keeping the ship afloat, and its actions have become part of Navy lore and a staple of naval leadership courses ever since. This is the first book to record the Roberts' extraordinary tale. After years of research and interviews with crewmembers, journalist Bradley Peniston chronicles the crew's heroic efforts to save the ship as they fought flames and flooding well into the night. The author also describes the frigate's origins, its operational history, and the crew's training. Peniston's personal approach to the subject not only breathes life into the historical narrative but gives readers an opportunity to get to know the individuals involved and understand the U.S. retaliation to the mining and the battle that evolved, setting the stage for conflicts to come.

"There are so few genuinely entertaining novels around that we ought to cheer whenever one turns up. Continuous, fizzing energy...Honey for the Bears is a triumph." —Kingsley Amis, New York Times A sharply written satire, Honey for the Bears sends an unassuming antiques dealer, Paul Hussey, to Russia to do one final deal on the black market as a favor for a dead friend's wife. Even on the ship's voyage across, the Russian sensibility begins to pervade: lots of secrets and lots of vodka. When his American wife is stricken by a painful rash and he is interrogated at his hotel by Soviet agents who know that he is trying to sell stylish synthetic dresses to the masses starved for fashion, his precarious inner balance is thrown off for good. More drink follows, discoveries of his wife's illicit affair with another woman, and his own submerged sexual feelings come breaking through the surface, bubbling up in Russian champagne and caviar.

This conference proceeding LNCS 12796 constitutes the thoroughly refereed proceedings of the 2nd International Conference on Design, Operation and Evaluation of Mobile Communications, MOBILE 2021 which was held as part of the 23rd HCI International Conference, HCII 2021 as a virtual event, due to COVID-19, in July 2021. The total of 1276 papers and 241 posters included in the 39 HCII 2021 proceedings volumes were carefully reviewed and selected from 5222 submissions. MOBILE 2021 includes a total of 27 papers; they were organized in topical sections named: Designing, Developing and Evaluating Mobile Interaction Systems and User Experience, Acceptance and Impact of Mobile Communications.
