"A work for all time . . . (with) a tremendous amount of historical information which has never been published. . . . It will be the standard text and reference work in the ragtime field." – Rag Times. This well-known, highly praised book is the definitive history of ragtime music and its composers. Both authors are widely celebrated composers, performers, collectors, historians, and critics of ragtime music. With great enthusiasm and expertise, they trace the growth and diversification of ragtime from its earliest beginnings in the late nineteenth century through its heyday in the Folk, Classic, Popular, Novelty, and Stride Ragtime periods to its current revival. Forty-eight major composers are discussed, including Scott Joplin, Zez Confrey, Jelly Roll Morton, Fats Waller, and many other greats. In addition, 800 important rags are profiled, most of them bearing the carefree titles that were part of the tradition, titles like "Canned Corn Rag," "Bantam Step," "Too Much Raspberry," "Ragging the Scale," and "Red Onion Rag." Each profile includes date of publication,

original publisher, a discography, and a commentary of the unique character and appeal of each rag. Over 100 photographs, many of them rare, illuminate this lively chronicle, along with reproductions of original sheet music and many other items of interest from the authors' personal archives. "Jasen and Tichenor have no peers in ragtime knowledge. . . .They are the two unchallengeable authorities in the field of ragtime history, personalities, and musical forms." – The Classic Rag. "A combination encyclopedia/biography/history/analysis and review, it teems with what would appear to be everything the ragtime buff or casual inquirer needs or wants to know about the music that won't stand still." – The Christian Science Monitor. "Rags and Ragtime tells it all. There's a lot here I didn't know in pictures, music, and words." – Eubie Blake.

Provides a wide-ranging entry point and intervention into scholarship on nineteenth-century American letter-writingThis comprehensive study by leading scholars in an important new field—the history of letters and letter writing—is essential reading for anyone interested in nineteenth-century American politics, history or literature. Because of its mass literacy, population mobility, and extensive postal

Acces PDF Off The Rag S Writing On Menopause

system, nineteenth-century America is a crucial site for the exploration of letters and their meanings, whether they be written by presidents and statesmen, scientists and philosophers, novelists and poets, feminists and reformers, immigrants, Native Americans, or African Americans. This book breaks new ground by mapping the voluminous correspondence of these figures and other important American writers and thinkers. Rather than treating the letter as a spontaneous private document, the contributors understand it as a self-conscious artefact, circulating between friends and strangers and across multiple genres in ways that both make and break social ties.

Key Features

- Draws together different emphases on the intellectual, literary and social uses of letter writing
- Provides students and researchers with a means to situate letters in their wider theoretical and historical contexts
- Methodologically expansive, intellectually interrogative chapters based on original research by leading academics
- Offers new insights into the lives and careers of Louisa May Alcott, Charles Brockden Brown, Emily Dickinson, Frederick Douglass, Margaret Fuller, Henry James, Thomas Jefferson, Abraham Lincoln, Herman Melville, Harriet Beecher Stowe, and Edgar Allan Poe, among many others

Jaxxon Carter, barmaid, would like nothing more than to better her

Acces PDF Off The Rag S Writing On Menopause

current situation. A one-bedroomed flat, a sleazy landlord, drug-addicted neighbors - not exactly a childhood dream. When a chance encounter leads to a modelling job, she is catapulted to the peak of success. She also finds herself the focus of lethally sensual Connor McKenzie, who she hasn't seen since he left their foster home and went on to become a Formula One driver. But she has no intention of giving in to the mindless need between them. He hurt her once, and she won't allow it to happen a second time. Confident, determined, compelling...Connor McKenzie isn't a man who deprives himself of what he wants. There was only one thing he ever resisted, and it was the one thing he wanted most: the unknowingly enticing Jaxxon. When he sees her on the cover of a magazine, it reawakens every urge he buried. She tries to keep him out of her life, but Connor can't let it go. He resisted her ten years ago for a good reason. But now that reason is no longer there, and he's resolute that nothing - not even Jaxxon - will stop him from having her.
