(Vocal Collection). An excellent volume of coloratura arias has been added to the G. Schirmer Opera Anthology series. With 30 arias in English, Italian, German, French and Russian, this is the largest collection of coloratura operatic excerpts ever published. Because of the nature of the material, tradition-based performance suggestions are liberally found throughout the volume. For instance, you will find standard vocal variations for the "Doll Song" from The Tales of Hoffmann included in the edition, along with the original vocal line. Like the other volumes in the ground-breaking series, there are historical and plot notes about each aria, new engravings, and new translations for study.

(Vocal Collection). The G. Schirmer Opera Anthology series revolutionized opera aria study after its release in 1991. There are so many wonderful soprano arias that a second volume was warranted. The music is predominantly for lyric soprano. As in the original volumes, these are new, clean editions, with historical and plot information about each of the 32 arias included.

(Guitar Method). The Hal Leonard Classical Guitar Method is designed for anyone just learning to play classical guitar. This comprehensive and easy-to-use beginner's guide by renowned classical guitarist and teacher Paul Henry uses the music of the master composers to teach you the basics of the classical style and technique. The book includes pieces by Beethoven, Bach, Mozart, Schumann, Purcell and many more and includes lessons on: tuning \* proper playing technique \* notes in open position \* PIMA technique \* time signatures \* key signatures \* scales \* chords \* and more. Includes access to audio demo tracks online for download or streaming.
