This language program emphasizes the importance of pronouncing French words and phrases so that the speaker can be understood by the French and French Canadians. It presents exercises in sound discrimination and accurate sound creation—for example instructing in pronunciation of French vowel sounds and nasals such as eu and oei, which many English speakers find especially difficult to master. Words and sounds are put into a variety of conversational contexts for students of French to practice and perfect. It provides the added convenience of audio compact discs to replace the old tape cassettes. The book includes the IPA (International Phonetic Alphabet) as a pronunciation guide.

"The topics are quite standard: convergence of sequences, limits of functions, continuity, differentiation, the Riemann integral, infinite series, power series, and convergence of sequences of functions. Many examples are given to illustrate the theory, and exercises at the end of each chapter are keyed to each section."--pub. desc.

Mendoza the Jew combines a graphic history with primary documentation and contextual information to explore issues of nationalism, identity, culture, and historical methodology through the life story of Daniel Mendoza. Mendoza was a poor Sephardic Jew from East London who became the boxing champion of Britain in 1789. As a Jew with limited means and a foreign-sounding name, Mendoza was an unlikely symbol of what many Britons considered to be their very own "national" sport.
