solutions to fix it. Using proven strategies from today ' s search advertising elite, discover how to drive significantly more traffic to your site, dramatically increase click-through rates, steal impressions from competitors, boost your conversions, and increase your sales by unbelievable amounts. Since the previous edition, there have been a number of revolutionary changes in paid search. First, we are increasingly searching from our cell phones rather than desktop computers. Second, Google is no longer the only game in town. Bing now accounts for 30 percent of all U.S. searches. Finally, "search extensions" have become a powerful new technique you can use to collect phone numbers and email addresses with your ads, limit your

ads to certain times of day, deliver coupons to nearby customers, and even provide handy "call me" buttons that are displayed only on cell phones. In this new edition, Stokes details all this and more.

This book provides a full and comprehensive coverage of video and television technology including the latest developments in display equipment, HDTV and DVD. Starting with TV fundamentals, the bulk of the book covers the many new technologies that are bringing growth to the TV and video market, such as plasma and LCD, DLP (digital light processing), DVD, Blu ray technology, Digital television, High Definition television (HDTV) and video projection systems. For each

technology, a full explanation is provided of its operation and practical application, supported by over 300 diagrams including schematic diagrams of commercially available consumer equipment. Where relevant, testing and fault finding procedures are outlined together with typical fault symptoms supported by photographs. The new edition has a number of useful appendices on microcomputer/microcontroller systems, test instruments, serial buses (I2C and RS 232), teletext and error correction techniques. The book is intended for students of electronics and practicing engineers. In particular, it will be useful for students on vocational courses and service engineers as well as enthusiasts. \* The definitive guide to the

environment. Luckily, the days when becoming environmentally aware entailed eating bread that tasted like dirt, wearing clothes that looked like frayed burlap sacks, and spending summer vacations assailing whaling ships with Greenpeace are passing away. It is now perfectly possible (and increasingly easy) to be well fed, well coiffed, well dressed, and well traveled while remaining deeply committed to an ecologically sustainable lifestyle. In *The Lazy Environmentalist*, Josh Dorfman ù host of the Sirius Satellite Radio program of the same name ù provides comprehensive guidance to fashion-forward consumers who are as concerned about the long-term health of our planet as they are about the design of their bathroom fixtures.
