as an upcycled fashion show, as practical as Bluetooth speakers, and as mischievous as a catapult. Included are projects for artists, sewers, videographers, coders, and engineers. The handy reference format will help you quickly identify the estimated costs, materials, and equipment; and because several projects don't even require a dedicated makerspace, every library can join in. Inside you'll find how-to guidance for projects like a foam rocket launcher; stop-motion animation with 3D print characters; found-object robots; glowing ghost marionettes; Arduino eTextiles; magnetic slime; yarn painting; fidget flannels; an LED brooch; and cardboard sculpture. With takeaways like origami tea lights or a t-shirt tote bag, your patrons will be sure to remember how much fun your library can be.

Louise Firchau is an expert paper cutter and owner of the renowned online paper cuts company Paper Panda. Her gorgeous designs are much sought after, and here are twenty of them - all created by Louise especially for the book, and all in her distinctive and exquisite style. Each project consists of a full-size template and a photograph of the finished design, together with tips on cutting, or how to display the finished item and a 1-5 difficulty rating. With notes on basic papercutting techniques at the start of the book, this is a must-have buy for paper cutters looking for new and original ideas, as well as Louise's numerous fans worldwide.

Paper is a great material - it is readily available, inexpensive and very adaptable. It comes in hundreds of types, weights, colours and textures. Many of the projects in this book only need simple measuring and cutting skills. And if you make a mistake you can just scrunch it up and start again! The team behind Mollie Makes magazine have brought together all their favourite papercrafters in a range of impressive disciplines from papercutting to papier maché. They share their tips, stories and beautiful projects, inspiring us all to pick up an old book, a newspaper or a vintage map and get creative. Learn how to make stylish cards to impress friends and family, create unique folk-inspired papercut artworks, fold origami lily fairy lights, and decorate your home with an impressive handmade lampshade, a delicate paperbird and a mini party pinata. With simple projects requiring only the basic kit of paper, glue gun and craft knife, as well as more complicated ideas using decoupage, quilling, pop-ups and papier maché, there is plenty to keep you busy. In fact, you could say we've got papercraft all wrapped up!

Paper-cutting artist Boo Paterson offers step-by-step instruction in cutting out intricate creatures of all sorts (orangutan, sloth, kangaroos, butterflies, elephants, and more--fifteen in all) and the forests in which they live. The book includes detailed black-and-white templates for cutting, as well as removable art paper (cream, plus four other colors) to cut or use as backing. Ideal for beginners and irresistible to those wanting to develop their skills, the book offers information on tools and

materials, alongside clear, step-by-step instruction in the basics of papercutting. Chapters are packed with projects of varying complexity, complete with full color images of the finished work and easy-to-use templates showing where to cut or bend the paper. The book also features a chapter on how to frame pieces and how to create cards from completed work.

Want to try your hand at making gorgeous homemade goodies? Then unleash the crafter within you with this collection of all-new papercraft projects! With simple step-by-steps, these quick makes ensure fast results.

Bursting with ideas for papercraft subjects, methods and styles, this book is a visual feast and source of inspiration for artists of all abilities looking to expand their papercraft skills. Discover more than 80 stunning papercraft artworks by contemporary, international artists, and reinvigorate your own practice with the help of their diverse and innovative approaches. Techniques include 3D collage, paper marbling and paper quilling, as well as stitching onto paper, paper embossing and traditional papercutting. Through countless tips and guidance, you'll be empowered to work with paper, expand your creativity and create art that is original and exciting.

The four-volume set LNCS 8925, 8926, 8927 and 8928 comprises the thoroughly refereed post-workshop proceedings of the Workshops that took place in conjunction with the 13th European Conference on Computer Vision, ECCV 2014, held in Zurich, Switzerland, in September 2014. The 203 workshop papers were carefully reviewed and selected for inclusion in the proceedings. They were presented at workshops with the following themes: where computer vision meets art; computer vision in vehicle technology; spontaneous facial behavior analysis; consumer depth cameras for computer vision; "chalearn" looking at people: pose, recovery, action/interaction, gesture recognition; video event categorization, tagging and retrieval towards big data; computer vision with local binary pattern variants; visual object tracking challenge; computer vision + ontology applies cross-disciplinary technologies; visual perception of affordance and functional visual primitives for scene analysis; graphical models in computer vision; light fields for computer vision; computer vision for road scene understanding and autonomous driving; soft biometrics; transferring and adapting source knowledge in computer vision; surveillance and re-identification; color and photometry in computer vision; assistive computer vision and robotics; computer vision problems in plant phenotyping; and non-rigid shape analysis and deformable image alignment. Additionally, a panel discussion on video segmentation is included.
