Political history of the Philippines -
Wikipedia

The politics of the Philippines take place in an organized framework of a presidential, representative, and democratic republic whereby the president is both the head of state and the head of government within a pluriform multi-party system. This system revolves around three separate and sovereign yet interdependent branches: the legislative branch, the executive branch, and the judicial branch.

The History of The Philippine Revolution

Within weeks of his inauguration as president of the Philippines in June 2016, Rodrigo R. Duterte became the most internationally known Filipino leader since Ferdinand Marcos, the country ' s infamous dictator, and Corazon Aquino, the iconic housewife-turned-president who championed the restoration of democracy in 1986.

Philippine political history, especially in the twentieth century, challenges the image of democratic evolution as

File Type PDF Philippine History With Politics And

erving the people, and does so in ways that reveal inadequately explored aspects of many democracies. In the first decades of the twenty-first century the Philippines has nonetheless shown gradual socioeconomic "progress". This book provides an interpretive overview of Philippine politics, and takes full account of the importance of patriotic Philippine factors in making decisions about future political policies. It analyses whether regional and local politics have more importance than national politics in the Philippines. Discussing cultural traditions of patronism, it also examines how clan feuds localize the state and create strong local policies. These conflicts in turn make regional and family-run polities collectively stronger than the central state

File Type PDF Philippine History With Politics And

Journalism The book goes on to explore elections in the Philippines, and in particular the ways in which politicians win democratic elections, the institutionalized role of public money in this process, and the role that media plays. Offering a new interpretive overview of Philippine progress over many decades, the author notes recent economic and political changes during the current century while also trying to advance ideas that might prove useful to Filipinos. Presenting an in-depth analysis of the problems and possibilities of politics and society in the Philippines, the book will be of interest to those researching Southeast Asian Politics, Political History and Asian Society and Culture.

This work addresses key topics which

File Type PDF Philippine History With Politics And

should be of interest to the academic and non-academic reader, such as the national level electoral politics, economic growth, the Philippine Chinese, law and order, opposition, the Left, and local and ethnic politics.

In 1899 the United States, having announced its arrival as a world power during the Spanish-Cuban-American War, inaugurated a brutal war of imperial conquest against the Philippine Republic. Over the next five decades, U.S. imperialists justified their colonial empire by crafting novel racial ideologies adapted to new realities of collaboration and anticolonial resistance. In this path breaking, transnational study, Paul A. Kramer reveals how racial politics

File Type PDF Philippine History With Politics And

served U.S. empire, and how empire-building in turn transformed ideas of race and nation in both the United States and the Philippines. Kramer argues that Philippine-American colonial history was characterized by struggles over sovereignty and recognition. In the wake of a racial-exterminist war, U.S. colonialists, in dialogue with Filipino elites, divided the Philippine population into "civilized" Christians and "savage" animists and Muslims. The former were subjected to a calibrated colonialism that gradually extended them self-government as they demonstrated their "capacities." The latter were governed first by Americans, then by Christian Filipinos who had proven themselves worthy of shouldering the "white man's burden." Ultimately, however, this racial vision

File Type PDF Philippine History With Politics And

Of imperial nation-building collided with U.S. nativist efforts to insulate the United States from its colonies, even at the cost of Philippine independence. Kramer provides an innovative account of the global transformations of race and the centrality of empire to twentieth-century U.S. and Philippine histories.

This clear and nuanced introduction explores the Philippines' ongoing and deeply charged dilemma of state-society relations through a historical treatment of state formation and the corresponding conflicts and collaboration between government leaders and social forces. Patricio N. Abinales and Donna J. Amoroso examine the long history of institutional weakness in the Philippines and the varied strategies

File Type PDF Philippine History With Politics And

the state has employed to overcome its structural fragility and strengthen its bond with society. The authors argue that this process reflects the country ' s recurring dilemma: on the one hand is the state ' s persistent inability to provide essential services, guarantee peace and order, and foster economic development; on the other is the Filipinos ' equally enduring suspicions of a strong state. To many citizens, this powerfully evokes the repression of the 1970s and the 1980s that polarized society and cost thousands of lives in repression and resistance and billions of dollars in corruption, setting the nation back years in economic development and profoundly undermining trust in government. The book ' s historical sweep starts with the politics of the pre-colonial era and continues

File Type PDF Philippine History With Politics And

through the first year of Rodrigo Duterte ' s controversial presidency.

A detailed investigation of the contemporary Philippine Left, focusing on the political challenges and dilemmas that confronted activists following the disintegration of the Marcos regime and the reestablishment of electoral democracy under Corazon Aquino. The authors focus on such varied topics as peasant politics, urban social movements, purges and executions, and Marxist theory.

"Wurfel presents a full examination of the island republic from independence to the present, placed in the context of the Philippines' long and rich history. . . [He] has taken advantage of new research and publications, and has
