Playboy magazines appreciate in value as they age, especially if you care for the issue you purchase properly. Naturally, issues with famous faces on the cover are even more valuable. The 1980 to 1999 period is rather a heyday, showcasing every major personality who was renowned at the time, from Joan Collins and Latoya Jackson to Anna Nicole Smith.

It won't be news to anyone, but the first couple of years worth of Playboy magazines are worth something today. Diane Hunter was one of the early 1950's most popular pinup models, having been featured in several calendars and finally the November 1954 issue of Playboy.While all of the 1954 editions of the magazine are valuable today, November is one of those elusive months and can be found on ...

Featuring an introduction by Playboy founder, Hugh Hefner, a paperback edition of the magazine's best-selling retrospective, first published in 1993, contains its most memorable articles and more than a thousand photographs and illustrations. Reprint.

A comprehensive chronicle of sexual mores, relations, and politics in the 20th century. The "Sexual Revolution" began generations before the advent of penicillin, Playboy, and the Pill -- and ultimately produced seismic cultural shifts that have changed forever the way Americans live. Petersen chronicles the struggles of activists for sexual liberation against the agents of repression. He explores the ways in which the historical tumults of the 1980s affected sex -- and vice versa -- through the Jazz Age, the depression, two world wars, the cold war, the 60s, the disco era, and the age of AIDS. Traces the changes wrought by medical science, social science, and technology from the vibrator to home video to Viagra. Over 100 photos, drawings and illustrations.

Kevin Spacey is considered one of the most talented thespians of his generation. Voted "Greatest Actor of the Nineties" by Empire Magazine, placed third in a 2001 FilmFour poll of the hundred greatest-ever movie stars, he is a double Oscar winner and has been equally successful on the stage, being appointed Artistic Director of London's Old Vic Theatre in 2003. Yet like his most famous screen character, Keyser S\u00f6ze, he has remained a shadowy and mysterious figure, notoriously protective of his private relationships and giving few intimate interviews. Looking Closer, the first published biography of Spacey, explores the background and career of this enigmatic man. This revised edition includes several rare and previously unseen photographs from Kevin's family archives.

"[A] breezy, charming chronicle." --Time Out New York The legendary founder of Playboy magazine, Hugh Hefner invites you into his world with Hef's Little Black Book, an illustrated treasury of advice and maxims. The only book ever written by the iconic publisher and unabashed hedonist, Hef's Little Black Book features a new, updated Afterword from Hef himself. Dedicated Playboy readers and fans of The Girls Next Door, the hit reality TV series that takes you behind the doors of the Playboy Mansion, will not want to miss this fantastic guide to the very good life from the man who has lived it better than anyone.

From Marilyn Monroe to Cindy Crawford, Linda Evans to Farrah Fawcett, Playboy has celebrated the sensuality (and even launched a few careers) of celebrities for more than fifty years. Here, in all their glory, are over 150 breathtaking photographs of the magazine's most famous heavenly bodies. Celebrity models such as Naomi Campbell and Stephanie Seymour, Playmates Jenny McCarthy and Pamela Anderson, rockers such as Debbie Harry, and many more reveal all--posing for equally renowned photographers such as Herb Ritts and David LaChapelle. With an introduction by Hugh Hefner himself and an afterword by Gary Cole, the magazine's director of photography for the past 30 years, this definitive collection from Playboy is a potent portfolio of celebrity nudes.

In exploring the history of America's most widely read and influential men's magazine, Elizabeth Fraterrigo hones in on the values, style, and gender formulations put forth in its pages and how they gained widespread currency in American culture.

Susan Gunelius uncovers how a brand about sex survived and thrived despite attacks from every direction, in an increasingly competitive market and jaded consumers. It's the story of brand building, brand value, brand longevity and the ultimate brand champion.

KENDRA BARES ALL Fans of the E! smash hit series The Girls Next Door fell in love with sporty Playboy beauty Kendra Wilkinson's care- free spirit, infectious laugh, and down-to-earth nature. Now that she's moved out of the world's most famous bachelor pad and into her own delightfully chaotic world on Kendra as wife to NFL star Hank Baskett and mother to their newborn son, we've watched her hilarious antics as she adjusts to domestic life. But how much do we really know about the fun-loving star? In this humorous and optimistic, sometimes heartbreaking, but always unfailingly honest memoir, Kendra reveals the highs and lows of her extraordinary journey. She wasn't always the quintessential girl next door. Before she was a reality television superstar, Hugh Hefner's girlfriend, or one of the most popular Playboy cover models ever, Kendra was an athletic tomboy whose father walked out on her family when she was a little girl. She grew into a rebellious teenager with a serious drug habit before she quit cold turkey and beat the odds to graduate from a high school that almost didn't give her a second (or third, or fourth) chance. Following her rocky teenage years, an out-of-the- blue phone call from Hugh Hefner changed everything. Kendra dishes candidly about life in the Playboy Mansion: the sex, the parties, the show, and even her relationships with her Girls Next Door costars-Hef, Holly, and Bridget. She tells the true story about how she and Hank met and built a relationship in secret while she was still Hef's girl- friend and a public face of Playboy. Finally, she reflects on the slew of unexpected changes in the short space of a year that have brought her sliding into home from Playboy party girl to wife and mother with a blooming Hollywood career. If you think you've seen all of Kendra, think again. She's only warming up. . . .

A comprehensive history of sex in the 20th century, from the girl in the red velvet swing to the intern in the blue Gap dress. of color illustrations.

More Americans now identify as political independents than as either Democrats or Republicans. Tired of the two-party gridlock, the pandering, and the lack of vision, they've turned in increasing numbers to independent and third-party candidates. In 1998, for the first time in decades, a third-party candidate who was not a refugee from one of the two major parties, Jesse Ventura, won election to state-wide office, as the governor of Minnesota. In 2000, the public was riveted by the Reform Party's implosion over Patrick Buchanan's presidential candidacy and by Ralph Nader's Green Party run, which infuriated many Democrats but energized hundreds of thousands of disaffected voters in stadium-sized super-rallies.What are the prospects for new third-party efforts? Combining the close-in, personal reporting and learned analysis one can only get by covering this beat for years, Micah L. Sifry's. Spoiling for a Fight exposes both the unfair obstacles and the viable opportunities facing today's leading independent parties. Third-party candidates continue to be denied a fighting chance by discriminatory ballot access, unequal campaign financing, winner-take-all races, and derisive media coverage. Yet, after years of grassroots organizing, third parties are making major inroads. At the local level, efforts like Chicago's New Party and New York's Working Families Party have upset urban political machines while gaining positions on county councils and school boards. Third-party activists are true believers in democracy, and if America's closed two-party system is ever to be reformed, it will be thanks to their efforts
